NUMBER 23

ONE KILLED, ONE INJURED IN AUTO COLLISION ON RT. 83

Lester Belcher Dies on Way to Hospital; Wilson Runyard Hurt

Lester Belcher, 29, Rock Lake, Wis., was killed almost instantly, and his companion, Wilson Runyard, also of Rock Lake, was seriously injured shortly before 8 o'clock Tuesday morning when their car collided with an Interstate Milk truck on Route 83, just north of the State Line on the Green Lantern corner.

Belcher and Runyard, Kenosha county CWA workers, were on their way to work at Volts Lake and were headed east, crossing 83 when the accident occurred. Belcher died as he was being taken to the Kenosha hospital.

Wilson Runyard, son of Ambrose Runyard, and half-brother of Eugene Runyard, Waukegan, is in a serious condition in the Kenosha hospital, where he is suffering from severe cuts and bruises about the back of the head and body. At first thought to be dying, his condition is now said by doctors to be encouraging. He regained semi-consciousness yesterday.

Leaves Many Friends
Lester Belcher leaves many friends around Antioch and vicinity, where he has lived most of his life. He was born August 11, 1904, at Lake Villa, the son of Truman and Ida Belcher. He attended the Channel Lake grade school, and was a student at the Antioch high school for a year. About four years ago he was united in marriage to Miss LaVerne Shultz. He has been engaged in carpentering for several years.

Surviving him are his wife and baby, his mother, Mrs. Ida Johnson, St. Peter, Minn.; two sisters, Pauline and Clementine, St. Peter, Minn.; two aunts, Mrs. Rose Klag, Chicago, and Mrs. Anna Paasch, Channel Lake; and an uncle, Henry Mau, Channel Lake.

Funeral services will be held tomorrow afternoon at two o'clock from the Strang Funeral home. Interment will be in the Hillside Cemetery.

H. ROBERTS' CAR IS DAMAGED IN AUTO COLLISION

Mr. and Mrs. Herbert Roberts and daughter, Corneilla, Lake Marie, narrowly escaped serious injury Sunday evening when their car was struck on the Channel Lake road west of Antioch as they were returning home. In an effort to avoid the oncoming car, they drove off the shoulder of the pavement, but the other car nevertheless crashed into them, considerably damaging the body of the car and a wheel.

With the exception of minor bruises and cuts, no one was injured. There were five occupants of the other car, four of them said to be from near Spring Grove, Ill. They agreed to settle out of court for the damages to the Roberts' car, which amounted to about fifty dollars.

Waukegan Chamber Bugs Business Rackets

The old Waukegan and other Lake county towns are overrun with business racketeers, according to G. Robert Galloway, secretary of the Waukegan-North Chicago Chamber of Commerce. In his annual report to the Chamber members, Galloway decried the practice of patronizing promotion schemes which he described as "particularly egregious." "Owing to geographical location of this county," the business men are being approached by business racketeers whose schemes are within the law but unworthy of financial support, Galloway declared. "The Chamber's sanction committee is constantly endeavoring to eliminate this type of parasite. The schemes which are particularly annoying are advertising in program books, time books, and soliciting for unknown philanthropic organizations."

Son-in-Law of E. O. Hawkins Is One of Fliers to Hawaii

A. V. Hall, a son-in-law of Eugene Hawkins, was among the navy fliers to make the recent flight from San Francisco, California, to Honolulu, Hawaii. Although he is a qualified pilot, he made this flight as a radio operator. The plane in which he was riding was the third to land at the Honolulu airport.

Mrs. Hall, better known in Antioch as Esther Hawkins, and her family will leave San Diego, California, their present home, to join Mr. Hall in Honolulu where they will make their future home.

CONSTRUCTION OF WATER TOWER TO COMMENCE FEB. 1

Fabrication on Tower and Tank Begun by Chicago Firm Today

Fabrication on the proposed new water tower and tank was begun this morning in the shops of the Chicago Bridge and Iron Works, according to Nason Shiley, chairman of the Water Tower committee. Actual work on the foundation and erection of the tower will commence February 1.

The commencement of the work is awaiting the appointment of a resident engineer inspector by the officials of the national PWA administration, according to word received by Pres. George Bartlett from Washington yesterday morning.

This is the first PWA project on which actual construction is being started by the Chicago Bridge and Iron Works. It was learned this week. Although this firm has received contracts for many projects for which they have been low bidders, the Antioch project is their first one to receive government approval for starting the work.

This early approval is due to the fact that L. F. Storn, who is Assistant State PWA engineer, is a personal friend of Nason Shiley, chairman of the water tower committee. This connection has made it possible for the Village Board to enjoy personal contact with PWA officials, instead of resorting to lengthy correspondence which would have to run the gauntlet of governmental "red tape."

Signatures of all Antioch residents concerned in adding additional property frontage to the village, permitting an outlet on Orchard street and an extra 34 foot adjoining the southern line of the village property, have been secured. The papers have been sent to William Hillbrand, Eau Claire, Florida, for the remaining signature required.

EMMONS P. T. A. IS ACTIVE GROUP

The Parent-Teachers' Association of Emmons School has announced a card and bunco party to be held in the new school next Tuesday night. This will be the first social event to be held this year and the first card party ever held in the new building.

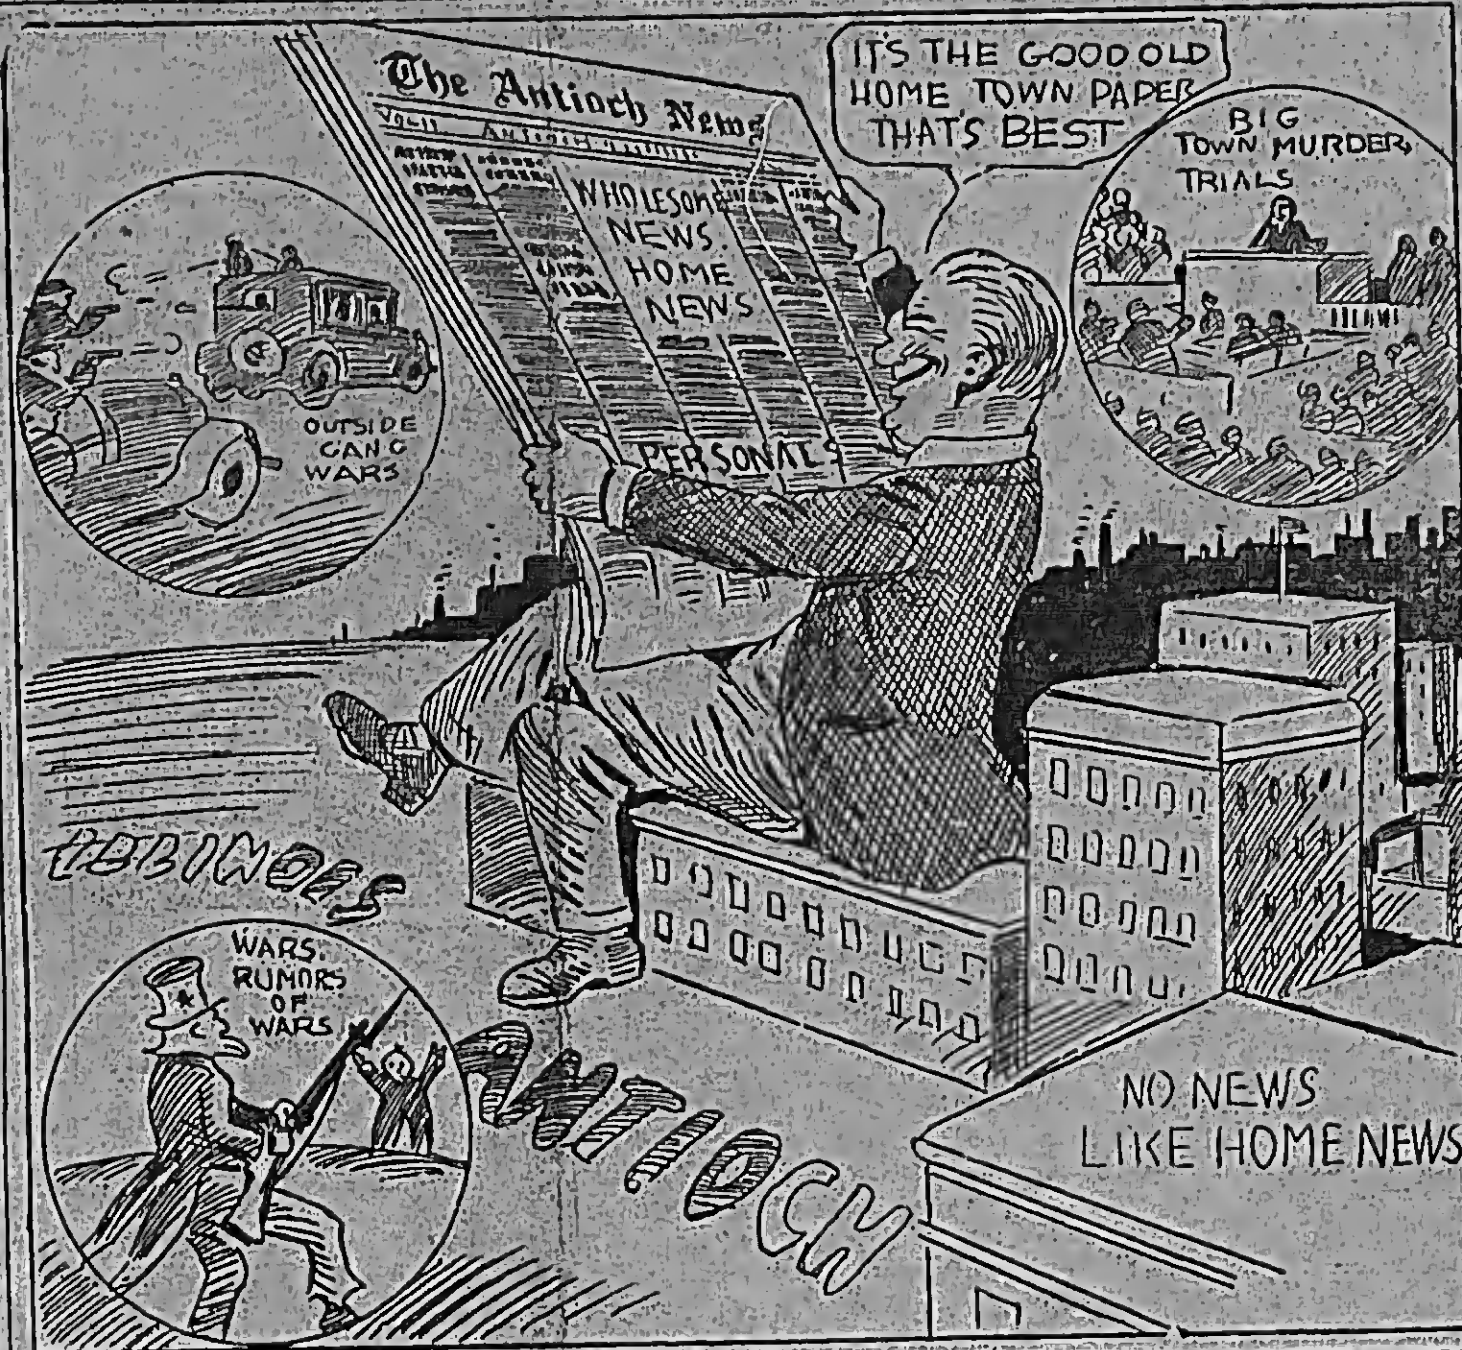

The first activity on the part of the new organization was to assist the board of directors in arranging for the dedication of the new building Dec. 10, when Hon. Francis G. Blair, state superintendent of public instruction, was the principal speaker at the dedication program.

The added facilities in the new building will make the school a very popular social center for the entire vicinity, and the officers of the association are planning a number of social events for the present school year.

Heading the group is Mrs. Agnes Hills, who was elected president at the organization meeting in December; Mrs. Dorina Runyard is vice president, and the teacher, Miss Doris Mason, is secretary and treasurer. Meetings are held the first Tuesdays of the month.

Robert Dunn received a two day vacation from his duties at Elgin, and spent from Monday until Wednesday with his parents, Mr. and Mrs. Frank Dunn.

Joseph Willie had the misfortune to break his arm last week.

FIRE DEPARTMENT RESPONDS TO THREE CALLS THIS WEEK

Blackburn House, L. Marie, Burns to Ground; Cook Cottage Damaged

The large house owned by a Mr. Blackburn, Chicago policeman, located in Shady Nook, Lake Marie, was destroyed by fire of unknown origin early Sunday morning. The house had been unoccupied. The fire department was called about 2:45, but the flames had gained too much headway to be extinguished. However, the adjacent cottage, owned by a Mr. McManee, Chicago, which had caught fire, was saved from destruction with little damage done.

The loss of the house was estimated by Fire Chief Stearns to be about \$1,500, but the value of its contents was not known. The house was covered by insurance.

Save Cook Cottage
A fire which was discovered in the Oliver Cook cottage, Shady Inn, Channel Lake, about 8:15 Monday evening, was promptly extinguished upon the arrival of the fire department. The rear porch and side of the house was damaged to the extent of about \$300, but the owner carried a \$2,000 fire insurance policy on the house and \$500 on the contents.

The cause is thought to have been from spontaneous combustion in the closed rear porch, which an exploded gasoline can was discovered. At the time of the fire, the family was in Chicago.

It was not necessary to sound the alarm for this fire, as the firemen were assembled in the hall for the meeting when the call was received.

Extinguish Grass Fire
A grass fire, thought to have been started by sparks from a passing train close to the house of Mrs. William Rinear east of the Soo Line depot, was extinguished by the fire department about 2 o'clock Monday afternoon, when the flames gained such proportions as to threaten the house.

Fireman Ask Investigation
Somewhat suspicious circumstances surrounding the Blackburn and Cook fires led authorities to believe that arsonists may be at large in the lake region. Accordingly, deputy state fire marshals are to be summoned to investigate the fires, it was learned Tuesday.

Miss Clara Sorenson returned Wednesday evening from Joplinburg, Colorado, where she has spent the past three weeks at the home of her uncle, Swan Sorenson.

Dance at the Guild Hall Saturday night.

News Will Move to New Location

The Antioch News, which for many years has been published in the old frame building at 555 Main street, will move next week into its new location at 528 Main street. A long time lease has been signed with the owner, Charles Lux, who recently purchased the building from George Goltzner. The building is of brick with a wood-covered concrete floor which will accommodate many tons weight of printing machinery and equipment without vibration.

For many years the News has felt the need of more modern and adequate quarters. The move next week will be accomplished without the loss of an issue of the paper and with very little interruption to business. The new office will be open Friday morning, Jan. 24.

FREE NURSING SCHOOL WILL START SOON

Civil Works Service to Finance Six Weeks Free Course

RED CROSS AND THE P. T. A. ARE SPONSORS

Plans for a Civil Works Nursing School in Western Lake county to be sponsored by the Parent-Teachers' Association of the several communities and under the auspices of the Red Cross were launched yesterday when a meeting of P. T. A. presidents was held in the Waukegan postoffice. The course calls for six weeks of instruction, two hours a day and two days each week, with needy, unemployed registered nurses as instructors. (Continued on Page 8)

Lake Villa Pastor Accepts Professorship in Bangor Sem.

O. J. Hewitt, pastor of the Lake Villa M. E. Church for the past year and a half, has accepted a professorship offered him by the Bangor Theological Seminary, Bangor, Maine. It was learned this week. He will leave in about two weeks to assume his new duties, but his wife and son will remain in Lake Villa until Clair, a senior in the Antioch Township High school, is graduated next June. A student pastor from the Garrett Biblical Institute in Evanston will deliver the sermon Sunday, as a new pastor has not yet been appointed by the district superintendent, Ambrey Moore, Chicago Temple.

LESLIE PERRY IS REELECTED HEAD OF PURE MILK LOCAL

Pfister Explains New Price Reduction at Pikeville Meeting

Leslie Perry, Bristol township, was reelected president of the Antioch Pure Milk local at the annual election of officers held last night at Pikeville. Harry Tiltonson was reelected secretary, and Fred Scott was chosen advisory committeeman to succeed Frank Kennedy.

Delegates elected were: Ralph Fields, delegate to the annual meeting of the Pure Milk Association; Ray Winfield and Clarence Crowley, county delegates.

Pfister Speaks
Henry Pfister, president of the entire Pure Milk Association, was present and explained the price reduction handed down by the Chicago milk price arbitration board. The farmers are to receive \$1.85 per hundred pounds (3.98 cents a quart) for whole fluid milk, a cut of 25 cents per hundred, and \$1.07 1/2 a hundred pounds for milk sold for cream (2.31 cents a quart) as against the old price of \$1.45 per hundred.

Although local farmers expressed dissatisfaction at the cut, they agreed to accept, at least temporarily. The new agreement is retroactive, becoming effective starting January 1. (Continued on Page 8)

Petition New Fire District For Lake And Rural Territory

Propose to Assess a Small Levy to Maintain a Country Truck

Petition for a new fire district to be known as the "First Fire Protection District of Antioch Township" including all of Antioch township east of Fox river and Grass Lake, exclusive of the village of Antioch, was filed with the county clerk in the Lake County court Tuesday. This petition was signed by over 200 residents of the district.

Hearing of the petition will be held at nine o'clock Wednesday morning, February 14, in the Court House in Waukegan before County Judge Perry I. Persons. At this time evidence, suggestions, and statements touching the location and boundary of the proposed fire district will be heard.

Insures Greater Protection
Creation of this new fire district will insure greater protection to the (Continued on Page 8)

C. W. A. PAYROLL OVER \$2,000

One Check Bears Ten Endorsements; Pays \$150 in Bills

93 ARE EMPLOYED ON PUBLIC WORKS

Antioch community's CWA payroll total more than \$2,000, according to a check-up made this week of the various projects.

This large amount of cash coming to employees each week is reflected in the community's trend towards prosperity. One worker's pay check for \$15 came to a local bank this week bearing ten endorsements, presumably having paid \$150 in bills for local people.

The community payroll not only has taken scores of unemployed from the relief, but the added money has been a boon to merchants of the vicinity who are experiencing an increase in sales.

Inspectors Laud Workmen

"Workers for the village are doing a fine job," Mayor George Bartlett said yesterday, stating also that CWA inspectors had commented very favorably upon the results achieved on all community projects. Workers seem happy to be employed, Bartlett stated, and he expressed the hope that the federal government would provide funds that the work may be continued.

Pay checks at the high school where two projects are under way, with prospects of a third to be approved soon, and the grade school painting job, bring workers over a thousand dollars weekly. Hours of labor on this work totaled last Friday 4,506 1/2 hours of unskilled labor and 1,331 for skilled workers, according to S. M. Wallace, timekeeper.

The original grant for labor called for 3,200 hours of common labor at 50 cents per hour, 1,645 hours of skilled and miscellaneous workers, aggregating a total of \$4,125 in wages. With the additional grant of extra hours, and the approval of the lagoon project, the total labor cost of the high school projects will total \$8,625.00.

Village Payroll Helps
Nineteen workers, two foremen and a timekeeper make up the quota of 22 employed on the village streets project, with a weekly payroll of \$378. The final grant of funds for this work was \$1,518, which amount was doubled later with an extra \$175 for trucking.

Frank Dunn, veteran road maintenance man, and Clarence E. Gaffey, former construction foreman for the Lynch Co., builders of St. Peter's church, are foremen on the village job.

Mrs. Gladys Crandall yesterday began her duties as timekeeper on the Village CWA, succeeding Ed Feltig of Channel Lake, who resigned to take up accounting in Chicago. Mrs. Crandall is the second woman to hold a CWA position in this community. Mrs. Eda Wallace having held the position of clerk in the local CWA office at the time of registration of workers here some weeks ago.

40 Men on Township Roads
Forty men are employed on Antioch township roads, according to Supervisor William A. Rosling, and the weekly pay checks total \$875. The crew is now working on the Grass Lake road, a county road which will come to the McHenry county line at the Fox Lake Country Club west of Wildwood. This work is to continue all winter as weather permits, provided funds can be obtained to carry on, Rosling said.

Sorenson to Be Host to Democrats Friday

Einar Sorenson, proprietor of Sorenson's Channel Lake Resort, will be host to Antioch Township Democrats Friday night, according to announcements sent out this week. There will be a free card party and officers will be elected. The meeting will begin at eight o'clock.

Mrs. Art McGreal spent Thursday in Waukegan.

DON'T LET TAXATION BECOME CONFISCATION

An unbiased survey of the governmental achievements of 1933 produces much that is praiseworthy and deserving of the highest respect. Aggressive and daring efforts to bring recovery have been made. In spite of the critical tax situation new jobs have been created and payrolls have increased. Factories are operating again that have been closed for years.

It is probable that the worst phase of the year, so far as industry, property-owners, investors and taxpayers are concerned, is the increase in the public debt—federal, state and local.

A number of political subdivisions have endeavored to "spend themselves into prosperity"—something which can't be done.

The national credit has been maintained—but boards of a multitude of towns and counties and cities have been thrown onto the bargain counter.

Public officials could adopt no better motto for the new year than "Economy and Efficiency are Essential to Recovery." Nothing would do more to accelerate an upward trend in business than a public policy to keep taxes down, thus relieving the burning fear that in the near future, taxation and confiscation will become one and the same thing.

DOWN ON THE FARM IN 1934

The farmer is justified in looking forward with optimism as the new year opens.

The last report of prices shows that substantial advances have been made in the prices received for basic agricultural products. Strikes and turbulence which recently marked many farm areas have abated. There is reason to believe that the farmer is realizing that you cannot transform economic law with a piece of legislation, no matter how well conceived and administered.

During 1934, and in the years to follow, the influence of the farm cooperative will grow steadily stronger. Unbiased authorities agree to that. The farm cooperatives have been extraordinarily successful in the face of extraordinary depression. Without co-operatives prices would have been lower and markets more chaotic. They have acted in the capacity of educators among their members, the general public, and government officials. They have been untiring in their work, and unwavering in their efforts to better the farmer's lot and render service to consumers.

This year they will grow stronger still. They will enlist more members, be more thoroughly appreciated and understood. And, unless all indications are wrong, they are on the verge of a period of great achievement that will revolutionize conditions down on the farm.

USEFUL WORK FOR THE UNEMPLOYED

One of the requirements of the Civil Works Administration, is that its funds shall be used for payrolls only. No part of them may be given to buying materials and supplies. The result is that in many communities with C. W. A. allotments, it is becoming increasingly difficult to find productive employment for the workers, particularly as the majority of cities and towns are without money with which to purchase materials that would make possible building and construction activities.

With this in mind, the National Board of Fire Underwriters has addressed a letter to mayors of a large number of American cities, recommending that relief work of this kind be partly devoted to the removal of fire hazards and the improvement of water distribution systems—projects which require much labor and little material.

This is certainly an excellent suggestion. No work can be more beneficial to the public at large than

that which safeguards life, health and property—none comes more genuinely under the heading of a community duty. In preventing fires and improving facilities for quenching blazes once they break out, C. W. A. funds can be used to the utmost advantage. As a safety measure it is particularly advantageous if city finances permit, to replace old and small water mains and hydrants with new ones, and install additional hydrants in high value districts.

The National Board's suggestion should receive careful consideration. It would protect the nation against fire, while providing useful work for the unemployed.

WHEN POLITICS TAKES COMMAND

When government goes into business, politics takes command. Red tape replaces capability. Favoritism hampers efficiency. The bureaucrat gets the jobs—the public official gets the fun—and the taxpayer gets the bill.

That is a severe indictment, but experience seems to justify it. The private business executive must produce results or get out. The public business executive has no financial interest at stake. If he doesn't go in for personal graft he is safe. He doesn't have to make both ends meet—the public treasury will pay the deficits he creates. He is immune to taxes, to ordinary competition, to all the things that keep private business men on their toes. He is often free to adopt strange and mysterious bookkeeping methods which dim the real results of operation. And he is completely divorced from realities so far as usual business methods are concerned.

In a good many hundred of years of "government in business", no one has been able to figure out how to divorce it from politics and put it on a "business" basis.

PUBLIC DEBT BREAKS ALL RECORDS

Associated Press dispatches of January 4 summarize the public debt of the United States, as follows:

"August 31, 1929, the war peak, \$26,196,701,648.

"The 1930 post war low, \$16,185,309,831.

"Today's public debt, \$23,817,036,025.

"Estimated for June 30, \$29,847,000,000.

"Estimated for June 30, 1935, \$31,834,000,000.

"The amount of money in circulation, save for some governmental funds for which no accounting can be made, totaled only \$5,791,000,000 on January 3, 1934."

At 3 per cent, interest on public debt in 1935, will be nearly \$1,000,000,000 a year.

LOST—\$100

Quite recently an ambitious young man left Antioch with a profit of approximately \$100 for a few days' work spent here industriously soliciting merchants for advertising which subsequently appeared on a neatly printed calendar, a fine two-color job bearing a portrait of President Roosevelt.

So what? It is not for the News to condemn any one. This is a land of freedom and each and everyone has the right to spend as, if and when he desires. The News can, however, shed light on schemes such as this, especially when they concern the paying of an exorbitant price for an ordinary piece of printing.

First—One hundred dollars in cold cash is lost to Antioch forever. Second—the price was entirely too high (more than twice what it should have been)—the prices asked for advertising space on the calendar ranged from four to ten dollars for the same size ads. Third—the number to be printed was also misrepresented, as the solicitor told some prospects that 2,000 were to be printed. In fact, he told anything to anybody in his effort to get the money and get going to his next field of activity.

Business men of Antioch and vicinity contribute hundreds of dollars annually to traveling schemers who have absolutely no interest in the locality except to obtain the easy money to be taken by questionable exploitation. A chamber of commerce with all members signed up to keep hands off such rackets unless endorsed by the commerce body would do away with these valueless, but expensive annoyances.

Girl Scout News

The Girl Scouts held five contests at their meeting Monday, January 15, the first one being "Learning About the Flag." The point was won by White Bear Patrol. The First Aid contest was played with Lion Patrol receiving the first two points and Nightingale winning third. A tabata contest was held with Nightingale Patrol receiving the point.

Two contests, the Girl Scout Sampler Contest and Christmas Card Contest were announced at the meeting. They are open to any registered Girl Scout. The Sampler contest closes March 1, and the Christmas card contest April 1. Further details and definite rules may be obtained from Mrs. O. E. Phillips, Scout Leader, as they are too lengthy to be repeated here.

Troop Scribe,
Ruth Cunningham.

The Infant Mind Awakens

Edwards—Do you know at what age a baby begins to think?

Bennor—Certainly. Mine began to think I ought to walk the floor with him the first week he arrived in the house.

Big League Stuff

"Do you believe in the League of Nations?"

"It's all right as far as it goes," answered the baseball fan. "But I doubt whether all the nations would want to get into a single league. There always ought to be a few minor leagues to develop players."

A few cents worth of putty used around windows where the old putty has cracked off will save a lot of fuel during the winter.

Prevent moldy bread by washing the bread box inside and out with hot soap suds at least once a week. Rinse in warm water.

Dead and one great grandchild. His wife preceded him in death six years ago.

Funeral services were held from the daughter's home in Trevor at 10:30 Tuesday morning, with Rev. S. Jedele, Wilmet, officiating, after which the cortege proceeded to Hinsdale where services were held at 1 o'clock from the Zion Lutheran church, of which he was a member, burial in the Lutheran cemetery there.

THE WORRY CHASER

As Mr. Flynn replaced the receiver on its hook, he turned to his wife who had also risen from a troubled pillow when the telephone bell rang.

"The children are safe," he said.

"What kept them?" she asked, a look of relief dawning on her face.

"The car broke down and they couldn't get it fixed. So they're staying in town. They called from Aunt Martha's."

"Well," said Mrs. Flynn, "that saves a lot of worry. Now I can go to sleep. I'm glad we have a telephone or they couldn't have called us tonight. We certainly would be foolish to try to do without it."

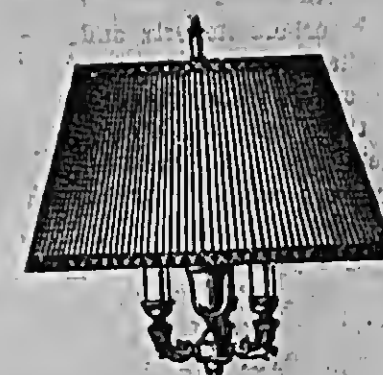

Every home in town or country should have a telephone. Call our Business Office or any telephone employee will gladly help you place your order.

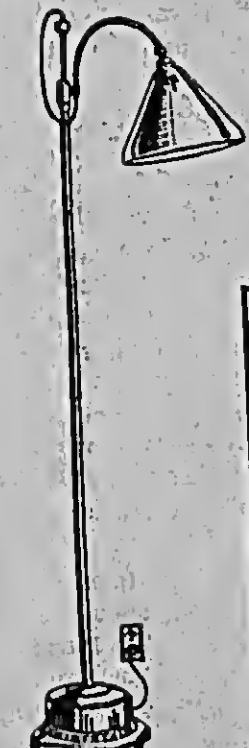

CLEARANCE SALE

ON A SPECIAL GROUP OF INDIRECT FLOOR LAMPS . . .

These lamps give indirect light for general illumination—direct light for reading

Public Service is featuring some great values this month. Here's an opportunity to get merchandise of good quality at prices below what you would expect to pay. Come in. It's a chance too good to miss. With rising prices on all types of merchandise you may not get this opportunity to save again.

When the shades are closed in winter, the beautiful glow of the lamp is very low. This is why you need the extra purchase of this beautiful lamp. It adds to the beauty of your home and is a real money saver.

TREVOR COUPLE ARE PARENTS OF BABY BOY

Social Center Hall Ass'n. to Hold Election of Officers

Mr. and Mrs. Jerry Lavendusk, are the proud parents of a baby girl born Friday, Jan. 12.

The annual business meeting of Social Center hall, including the election of officers for the ensuing year will be held at the hall on Monday evening, Jan. 22nd, at eight o'clock.

Those who attended the installation of officers at a meeting on Wednesday evening at the Masonic hall, Wilmet, were: Mr. and Mrs. Frank Larwin, daughter, Carolino, Mrs. Josie Allen, Misses Daley and Myrtle Mickie, Mrs. George Patrick, Mr. and Mrs. Harry Lubono, and Henry Lubono.

The Arthur Bushing home is under quarantine. The younger son, Arthur, Jr., is recovering from scarlet fever. The older son is thought to be coming down with it.

Arthur Holdorf, Silver Lake, made business calls in Trevor Friday.

Miss Daisy Mickie and Mrs. Harold Mickie attended their bridge club in Twin Lakes on Thursday afternoon.

Mrs. George Patrick and daughter-in-law, Mrs. Byron Patrick, Salem, called on their uncle, Robert Tait, Racine, on Saturday.

Mrs. Mike Ilmen, near Antioch, entertained the Willing Workers at the home of Mrs. William Evans on Thursday afternoon. A special meeting was held at the home of Mrs. Fred Mays, Antioch, on Monday, Jan. 15, to the two comforters.

Mr. and Mrs. George Higgins and daughter, Geraldine, Wilmet, called at the Willis Sheen and George Patrick homes on Sunday.

The remains of Henry Mutter, Salem, were interred in Liberty Cemetery on Saturday.

Mrs. Henry Ernle and Mrs. C. A. Copper were Waukegan visitors Monday.

Rev. Jedelo, Wilmet, called on Grandpa Nordmeyer Tuesday.

Mr. and Mrs. James Lamb and daughter, Betty June, Kenosha, called at the Joseph Smith home Wednesday evening.

Mrs. Fred Forster attended the card and bunco party at the Lutheran hall in Wilmet Thursday.

Mrs. Daniel Longman and son, Russell, called on Mrs. Joseph James, Antioch, Friday.

George Carroll and Karl Oetting were Chicago visitors Friday.

Lawrence Illbert, Milwaukee, spent the week-end with his parents, Mr. and Mrs. Nick Illbert.

Miss Florence Ridge, Kenosha, spent Sunday evening with the Fred Forster family.

Mrs. Charles Oetting and Mrs. Joseph Smith visited the former's mother, Mrs. Frank Lasco and family, Powers Lake, on Saturday.

Mr. and Mrs. Henry Brockhoff, Mr. and Mrs. Fred Cramholz and Mr. and Mrs. Henry Froderick, Hinsdale, called on their uncle at the Mrs. Derler home on Saturday.

Week-end visitors at the Charles Oetting home were their daughter, Mr. Fritz Oetting, Berwyn, Ill., and Johnnie Blair, Chicago.

Mr. and Mrs. Harold Mickie were Sunday dinner guests of the latter's sister, Mrs. Hans Dietrich, Twin Lakes.

Mr. and Mrs. John Nordmeyer, daughter, Mrs. Matz and granddaughter, Rosa Matz, Cicero, Ill., visited at the Louise Derler home Sunday.

John Holmes, Philadelphia, Pa., is visiting his aunt and uncle, Mr. and Mrs. Daniel Longman and family.

Russel and Bernice Longman, cousin, John Holmes, and Mary Runyard motored to Waukegan Sunday and called on the Orville Stanley family.

Mr. and Mrs. Allen Copper announce the arrival of a son, born at Memorial hospital, Waukegan, Wednesday, Jan. 10.

Mr. and Mrs. D. A. McKay, brother, H. A. McKay, and Miss Ruth Thornton were Sunday dinner guests at the Al Norman home, Antioch.

OBITUARY

Mr. Fred Nordmeyer, formerly of Hinsdale, Ill., passed away on Saturday evening, Jan. 13, 1934, after a lingering illness of many weeks at the home of his daughter, Mrs. Louise Derler, where he has made his home for the past three years and where he made many friends and was familiarly known by old and young alike as Grandpa.

Mr. Nordmeyer was born in Hanover, Germany, in 1877 together with his wife, came to America and settled in Hinsdale, Ill. Two daughters survive: Mrs. Minnie Seseman, Michigan, and Mrs. Louise Derler, Trevor; one brother, Mr. John Nordmeyer, Cicero, Ill.; twelve grandchildren.

WARREN FOR FIRST
TOURNAMENT OPPONENT****Finals to Be at Libertyville;
Preliminaries at Wau-
conda, Palatine**

Antioch high school will play its first game in the eighth Northwest Conference Basketball Tournament with an old rival, Warren, at 7:30 Thursday evening at Wauconda.

Following the method of conducting the tournament adopted last year, preliminaries in the north and south divisions of the Conference are played off before the winners meet in the finals at Libertyville Saturday evening, January 27. Schools in the northern divisions play off their games at Wauconda, and the southern schools at Palatine Wednesday, Thursday and Friday evenings, January 24, 25, and 26.

Schedule for the tournament games is as follows:

Northern Division
Wednesday, Jan. 24, 8 p. m., Libertyville vs. Barrington.

Thursday, Jan. 25, 7:30, Antioch vs. Warren; 8:30, winner of Wednesday's game vs. Wauconda.

Friday, Jan. 26, 8 p. m., winners of Thursday night's games play at 8 p. m.

Southern Division
Wednesday, Jan. 24, 8 p. m., Bensenville vs. Palatine.

Thursday, Jan. 25, 7:30, Arlington vs. Leyden; 8:30, winner of Wednesday's game vs. Lake Zurich.

Friday, Jan. 26, 8 p. m., winners of Thursday night's games play.

Finals at Libertyville
Friday's winners in the northern and southern divisions will clash at 8:30 Saturday evening at Libertyville to determine the champions.

The lightweight Conference teams leading on January 19 will play a preliminary game at 7:30.

Antioch Wins 5 Times

During the past seven tournaments Antioch has come through to a victorious finish five times in claim the championship trophy. Winners in past years from the first tournament in 1927 are as follows:

1927—Antioch
1928—Antioch
1929—Antioch
1930—Antioch
1931—Libertyville
1932—Antioch
1933—Libertyville
1934—?

On several occasions during past tournaments, Antioch has proven to be a "dark horse" unexpectedly gaining the championship in thrilling overtime games. Although Antioch's standing during the season's conference games has not always been high, on every year but 1931 and 1933 the team has been able to "rise to the occasion" to cop the tournament trophy, thus earning the name for Antioch of possessing "tournament teams."

**Work on G. School
Project Progresses**

The painting of the interior of the Antioch Grade School, a OWA project, is progressing rapidly, two rooms on the north, the corridor and principal's office being completed. The colors used are ivory and pale green, which lighten and freshen the appearance of the rooms considerably.

The painters are now working on the second and sixth grade rooms on the south end of the building. The library and first grade room remain to receive their first coat of paint.

There once was a man from Padua
Who learned to attract all bacula
Till he balanced his meals
With more milk and cereals
Now he feels like a "torredora."

**G. S. Basketball Team
to Play Lake Villa**

The Antioch grade school basketball squad will travel to Lake Villa tomorrow night for the next conference game.

Miss Ruth Perry, Graylake, substituted Monday and Tuesday for Miss Eleanor Meyer, fifth grade teacher, who was absent because of illness.

Miss Ayleen Wilson, fifth grade teacher, has been absent from her duties this week because of illness. Mrs. H. I. Reichers and Miss Ruth Perry have been substituting.

**H. S. Cagers To
Play Return Game
With Warren High**

With hopes of reversing the scores of the games with Warren held here in December, Antioch high school basketball team will journey to Warren tomorrow night for a return game. It is understood that with the opening of the second semester today, another man of first team caliber will be eligible for play.

This will be the last seasonal conference game until February 2, when Bensenville will come to Antioch for a return game.

Defeated by Palatine

The first team received a trimming at the hands of the Palatine boys Friday night at Palatine, scoring only two baskets against Palatine's twenty-eight points. The second team put up a scrappy fight, losing by but one point, 25-24.

The boys closed the semester yesterday by going on a road tour during the afternoon and evening for two practice games. In the game played with Dundee in the afternoon, and in the Wauconda game in the evening, they met defeat.

Somerset examinations were held at the high school on Tuesday and Wednesday of this week. The new semester opens today.

**Millburn Takes First
Defeat At Hands Of
Waukegan Cardinals****St. Peter's Loses a Hard
Game to Grayslake
All-Stars**

The Millburn basketball cagers suffered their first defeat of the season Tuesday night when the Waukegan Cardinals by reason of their superior passing attack took a victory, 24-16. The Millburn boys made a fast start, leading at the close of the first quarter, 8-6, but were unable to maintain the pace.

Starting Sunday, Jan. 21**

Ruby Keeler, James Cagney, and Joan Blondell, three of the many stars in "Footlight Parade," playing at the Genesee Theatre, starting Sunday, Jan. 21.

**4 MARX BROS.
AT ANTIOCH**

Funnier than "Horsefeathers," more hilarious than "Monkey Business," the Four Marx Brothers return to the Antioch Theatre screen for a two night engagement starting Saturday, Jan. 20. This time they bring to local theatre-goers "Duck Soup," their latest and greatest entertainment.

"Alice in Wonderland" is coming Wednesday for matinee and evening. "Footlight Parade" and "Only Yesterday" are billed for the Antioch screen soon.

**"Footlight Parade"
at the Genesee**

More than a score of the 250 beautiful chorus girls appearing in the unique dance and underwater numbers of the Warner Bros. immense musical picture, "Footlight Parade," which comes to the Genesee Theatre on Sunday, January 21, were selected from the campuses of several California universities.

Busby Berkeley, who staged the numbers for "42nd Street" and "Gold Diggers of 1933," decided when he came to selecting girls for "Footlight

New Views

ALL who at this period attempt to follow the rapid flow of new opinions and theories must be aware of a mental flurry comparable to the sensation of being out of breath. Diverse phases of the complex human problem are engaging the attention of thinkers in many lands. As one glances over the fields of art, medicine, theology, and what is termed science, amazing changes of outlook may be noted. Premises once considered immovable are veering; positions long tenaciously held are being proved untenable; conclusions regarded as final are being overturned. Long-established forms of government have in some instances been swept away, and some notable changes in the social order are manifest. Many today feel themselves in a changing world and are inclined to fear the strangeness.

In the beautiful thirteenth chapter of "Corinthians," Paul writes, "Whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away." Henry Drummond, analyzing this chapter in his book, "The Greatest Thing in the World," points out that Paul shows the transitory nature of the things of earth, and leads thought on to the sublime conclusion that "Love never faileth." He comments thus: "A schoolboy to-day knows more than Sir Isaac Newton knew; his knowledge has vanished away. You buy the old editions of great encyclopedias for a few cents; their knowledge has vanished away. . . . And in every branch of science it is the same. . . . There is a great deal in the world that is delightful and beautiful, but it is all passing into oblivion of many phases of an old order." Those who know something of Christian Science are not only undisturbed but full of hope and good cheer. "Mistaken views ought to be dissolving views," writes Mary Baker Eddy in "Miscellaneous Writings" (p. 230), "since whatever is false should disappear." The very fact that former beliefs and theories no longer satisfy, that they have not stood the test of emergency, is proof that they were not posited on Truth.

Viewed in this light the present world upheaval, then, is a reason for gratitude and rejoicing, for it proves that through all vicissitudes human thought must continue to strive for

a solid basis for its hope, until it finds rest in God.

But what of the future, to which many may be looking with apprehension? Mrs. Eddy, who foresaw Truth's destruction of error, and the disturbance incident thereto, in conditions such as are now testing the courage of mankind, had as definite vision of the verities of being that she could write in "Science and Health with Key to the Scriptures" (p. 56): "Trials are proofs of God's care. . . . Each successive stage of experience unfolds new views of divine goodness and love."

So the forward look should not be a fearful peering into imaginary darkness, but an upward look of joyous anticipation. Travelers cheerfully brave rough roads and hard climbing in order to win a vantage point from which to behold a beautiful view, and pilgrims on the ascending road of experience will find themselves more than compensated for any seeming hardship by the loveliness of spiritual views, constantly being revealed to their clearer gaze. This is true in its most practical sense; as many grateful hearts can testify. Some who in recent years have encountered hardships previously undreamed of declare with sincere gratitude that in every situation, no matter how difficult, there has come to their awakened thought a fresh and sweet realization, a new view of the divine care which is far more tender than that which we associate with the protection of earthly parents. This has resulted from the better understanding of the nature of God brought to them by Christian Science.

The Apostle Paul had planned a missionary journey to Rome, but it was a roundabout way that took him there, and he reached the famous city as a prisoner. But in the long way traveled toward the place of his desire, how many wonderful views he had of God's infinite love and power! That night in the Philippian prison, when he and Silas, their feet in the stocks, sang praises and "the doors were opened, and every one's bands were loosed." The rescue from shipwreck and the protection from the bite of the viper at Miletus, Paul must indeed have rejoiced as he reviewed these experiences in the quiet of the prison.

So, today, those walking in the clear light of Christian Science will not regret the overturning of human plans, nor hesitate on the brink of unfamiliar experiences; for to them the future signifies further unfolding of the knowledge of God, a better understanding "of Him whom to know aright is life eternal" (Science and Health, Pref. p. vii).—The Christian Science Monitor.

Mrs. Geo. Anzinger Reports on Evanston Woman's Club Meeting

Mrs. George Anzinger, Chicago, attended the Tenth District Woman's Club Federation meeting at the Evanston Woman's Club January 12, 1934, and prepared a lengthy report to be read at the next meeting of the Antioch Woman's Club. Among the speakers were Dr. Betts of Northwestern University who spoke on the present educational situation, mentioning that one out of every four persons in the U. S., or about 30,000,000 are either in school, teaching, or a board member.

In commenting on the ineffectiveness of present educational methods, he pointed out the new aims of educators: healthy bodies, well-adjusted character, intelligent appreciation, intelligent knowledge of the social world, knowledge of vocations, worthy use of leisure time, appreciation of beauty, reverent attitude toward unseen values.

Mrs. Anzinger also enjoyed the privilege of hearing Frances Perkins, only woman Cabinet member, at the Elm Place School at Highland Park, at a meeting sponsored by the Highland Park Woman's Club Saturday, January 13.

Betty Gaston Maleck Weds Woodstock Man

The marriage of Mrs. Elizabeth Gaston Maleck, daughter of Mr. and Mrs. H. B. Gaston, to Hansford Shepard, son of Mr. and Mrs. Walter Shepard, Woodstock, on December 18 at Jansville, Wis., was announced this week.

The groom is employed as an inspector of car parts at a Chevrolet manufacturing plant at Jansville, Wis., where the young couple will make their home.

Announce Wedding of Antioch Man to Oak Park Girl

Public announcement was made this week of the marriage of Arthur Lubkeman, son of Mrs. William Lubkeman, Antioch, to Miss Rosemary Polka, daughter of Mr. and Mrs. Ed Polka, Oak Park, in Chicago September 26. This announcement comes as a surprise to friends of the couple, who have kept their marriage secret.

The bride also is known to Antioch residents, as she was employed in the Kias Restaurant here last summer. The young couple are making their home at present with Mrs. William Grube, but plan to move within a month to Waukegan, where the groom has employment with the Crystal Coal and Ice Company.

COOK CO. JUDGE ADDRESSES HOLY NAME SOCIETY

Judge Francis Allegretti, of the Superior Court of Cook county, was one of the principal speakers at the second annual banquet of the Holy Name Society of St. Peter's church held at the hall Tuesday evening. He spoke of the purposes of the society and directed attention to individual duties to God and country.

Mayor George Bartlett gave a very interesting account of his reminiscences of early days in Antioch. Walter Forbick, president of the Society, gave a welcoming and introductory talk, and James Dunn, as toastmaster, introduced the speakers. Music was provided by Hans von Holwede, Charles Cernak, LaVerne and Martin Boyle. The dinner was served by members of the Altar and Rosary Society under the direction of Mrs. Thomas Hunt. Charles Cernak was in charge of program arrangements.

COUPLE IS MARRIED BY JUSTICE TARBELL

Miss Ruth Hawkins, Milwaukee, and Milton E. Smith, Lake Villa, were united in marriage Tuesday by Justice of the Peace Sam Tarbell in the Lux Electrical Shop. The groom has been spending the past few months at the Milton Hawkins home, Lake Villa, but the young couple plan to make their home in Milwaukee.

WOMAN'S CLUB MEETS MONDAY

The home of Mrs. W. H. Osmond will be the meeting place of members of the Woman's Club Monday afternoon at 2 o'clock when Mrs. W. H. Osmond, Mrs. John Horan and Mrs. Clarence Crowley will be hostesses.

Mrs. M. H. Lieber will speak on "World Happenings" or "What Is Going on About Us."

Radio, on Saturday.

CHRISTIAN SCIENCE CHURCHES

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 14.

The Golden Text was, "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth" (1 Cor. 5:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "To those living in the wilderness of Judea, and saying, Repent ye; for the kingdom of heaven is at hand. I indeed baptize you with water unto repentance; but he that cometh after me is mightier than I, whose shoes I am not worthy to bear; he shall baptize you with the Holy Ghost, and with fire" (Matthew 3:1, 2, 11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We should strive to reach the height where God is revealed: the cornerstone of all spiritual building is purity. The baptism of Spirit, washing the body of all the impurities of the flesh, signifies that the pure in heart see God and are approaching spiritual life and its demonstration" (p. 241).

STAR MEETING HAS GOOD ATTENDANCE

The regular meeting of the Eastern Star was held last Thursday evening, with a good attendance. After the business meeting, the remaining part of the evening was spent in playing bridge and 500. Prizes were awarded to Mrs. Sidney Kaiser, Mrs. Esther Wilton, Miss Grace Drom, Mrs. Clara Westlake, Ralph Clabaugh, Sidney Kaiser and James Stearns. The committee in charge were Miss Louise Simons, Mrs. Mary Smart, and Mrs. Margaret Gaston.

MOOSE HOLD OLD-TIME DANCE AND CARD PARTY

The public old-time dance and card party sponsored by the Moose lodge Tuesday evening was attended by about fifty persons. Prizes were awarded Mrs. Sidney Kaiser, Mrs. Chris Paschen, Mrs. E. Van Hall, Dick Folbrich, and Joseph Horton, Sr. By popular request an old-time dance, without cards, will be held at the Moose Hall Saturday evening, February 3. Music will be provided by Helen Wolfe, pianist; John Holligan, violinist; and Leo Burnett, banjo player. Caller will be Ed Drinkwine, Waukegan.

P. T. A. CARD PARTY HAS LARGE ATTENDANCE

A large crowd attended the Paront Teacher bridge party given Monday night at the Grade School. The teachers were in charge of arrangements for the party.

Prizes in bridge were won by Mrs. Homer Gaston, Mrs. Paul Ferris, Mrs. William Anderson, Ralph Clabaugh, Dr. Williams and W. C. Petty. Prizes in five hundred were won by Mr. and Mrs. Arthur Hawkins.

Contrary to a notice in last week's paper, admission price was only thirty-five cents instead of fifty cents.

CELEBRATION HELD ON ANNIVERSARY

Thirty-two friends were present at the home of Mr. and Mrs. E. H. Ahlander at Grass Lake last Thursday evening in honor of their forty-second wedding anniversary. Dinner was played during the evening, after which a delicious luncheon was served.

MRS. ROSING IS HOSTESS AT BRIDGE CLUB

Mrs. William Rosing entertained the members of her bridge club last Thursday afternoon. Those awarded prizes were Mrs. John Brogan, Mrs. Dora Folbrich and Mrs. William Keulman.

ENTERTAINS BRIDGE CLUB MONDAY AFTERNOON

Mrs. Ernest Clark won first prize and Mrs. Clarence Shultz won second prize, when Mrs. Evan Kaye entertained her bridge club Monday afternoon.

HACKETTS ENTERTAIN FOR H. H. REICHERS

Mr. and Mrs. Fred Hackett entertained several couples at their home yesterday evening in honor of the birthday anniversary of H. H. Reichers. Bridge was played, Mr. and Mrs. William Anderson receiving prizes.

MRS. STANTON IS 500 HOSTESS WEDNESDAY

Mrs. B. Stanton entertained the members of her 500 club at her home on Lake Street Wednesday afternoon. Mesdames Edith Jensen, Cario Norman and Freda Hontner were prize winners.

MRS. MORRIS RADTKE ENTER- TAINS BRIDGE CLUB

Members of the Thursday Bridge Club were entertained at the home of Mrs. Morris Radtke last Thursday afternoon. Honors went to Mesdames Virgil Felter, Howard Johnson and S. Smith.

MRS. H. A. RADTKE HOSTESS TO BRIDGE CLUB

Mrs. H. A. Radtke was hostess to her bridge club Tuesday afternoon at her home on Victoria street, honors being awarded to Mrs. Nels Nelson, Mrs. Eugene Hawkins and Mrs. William Osmond.

G. A. R. DAUGHTERS TO MEET MONDAY

The next regular meeting of Fortess Monroe, No. 8, N. D. of G. A. R. will be held in their hall Monday evening, January 22. The Commander requests all members to be present.

Robert Alvors of Chicago spent the week-end in Antioch with his parents, Mr. and Mrs. Charles Alvors.

SKATING PARTY ENJOYED ON GRASS LAKE

A skating party was held at the Halling home on Grass Lake, Sunday, January 14. Out of town guests were: John Hanley, Chicago, and his fiancée, Miss Lenora Olaki, Lake Bluff, and Mr. and Mrs. Ted Nonlinger, Chicago. Those from Antioch were: George Gerl, Miss Opal Norman, Emil Halliwas, Mrs. Roger Flint, Harold Rock, and Mr. and Mrs. Charles Halling, Jr., and children. A buffet supper was served in the evening after which cards and dancing were enjoyed.

M. E. CHOIR HONORS OLIVE HANSEN WITH SHOWER

Miss Olive Hansen was surprised last evening by a shower held in her honor by the members of the M. E. choir after rehearsal at the church. Twenty-two members were present. Following the practice, a special bridal cake and other refreshments were served, and musical and guessing games played. Miss Hansen was presented by the group with a Sunbeam Electric Iron.

CORRECTION NOTE IN LADIES' GUILD OFFICERS

Mrs. Elmer Brook was elected first vice president of the Ladies' Guild at the annual election of officers held January 10, and Mrs. Ernest Brook second vice president, contrary to an item in last week's paper which stated that Mrs. Ernest Brook was first vice president. Other officers elected were: president, Mrs. W. H. Osmond; secretary, Mrs. Fred Hawkins; and treasurer, Mrs. John Horan.

MRS. LEONARD CASE ENTER- TAINS BRIDGE CLUB

Mrs. Leonard Case was hostess to the members of her bridge club at her home Wednesday afternoon. Two tables of bridge were played, prizes being awarded Mrs. William Morley, Mrs. Hugh Hufendick, and Mrs. Henry Reiske. The next meeting of the club will be held in two weeks at the home of Mrs. William Morley.

FIDELITY LODGE HOLDS PARTY AT LUBKEMAN'S

Fifteen members were present at a card party held Monday evening by the Fidelity Lodge at the home of Mr. and Mrs. Emil Lubkeman. Prizes were won by Mrs. Myrtle Horton, Dan Walsh, William Hattendorf, and Ernest Walsh. The next meeting will be held at the home of Mr. and Mrs. William Hattendorf February 19.

ROYAL NEIGHBORS INITIATE TUESDAY

Initiation will be held by the Royal Neighbors Tuesday night at the Odd Fellows hall. Each member has the privilege of inviting one guest. Following the initiation a pot luck lunch will be served by the members.

PAST MATRONS' CLUB TO MEET AT BACON HOME

Mrs. George Bacon and Mrs. William Keulman will be co-hostesses at a party held for the Past Matrons' Club at the home of Mrs. Bacon tonight.

FOUR ATTEND SUNDAY SCHOOL CONVENTION

Rev. L. V. Sittler, Mrs. Fern Lux, Miss Anna Drom, and Mrs. Ed Jensen attended the Lake County Sunday school convention held Saturday at the First Baptist Church in Waukegan.

Mr. and Mrs. John Murray, Mr. and Mrs. Charles Alvors and son, Robert, were entertained at a six o'clock dinner last Saturday, at the home of Mr. and Mrs. C. E. Kelly, Lake Villa.

George Bartlett spent Tuesday in Waukegan on business.

E. Morley Webb and Walter Booth spent Saturday evening in Kenosha.

Harry McNeal of Des Plaines was a guest of Mr. and Mrs. S. Boyer Nelson Saturday.

Mr. and Mrs. L. O. Bright spent Saturday in Waukegan.

Ernestine Robbins returned to school in Chicago on Monday, after spending three weeks at the home of her parents, Mr. and Mrs. John Robbins.

Mr. and Mrs. C. W. Tiffany and children of Waukegan were guests of Mr. and Mrs. William Keulman Saturday.

Mr. and Mrs. Finis Peters of Woodstock were week-end guests of Mr. and Mrs. B. Boyer Nelson.

Miss Winifred Shlager of Norwood Park spent the week-end at the B. R. Burko home.

Adole and Dan Dupre of Delavan, Wis., were guests of their grandmother, Mrs. A. Williams, over the week-end.

Mr. and Mrs. Clarence Anderson spent Sunday at the home of Mr. and Mrs. Arthur Haddock, in Chicago.

Walter Booth of Marshall, Ill., spent the week-end with E. Morley Webb.

CHANNEL LAKE NEWS

Channel Lake P. T. A. Meets
The Channel Lake P. T. A. held its first meeting of the year on Tuesday, January 9. There was a record attendance of 22. Plans for a Box Social were discussed. Plans were also made for a public card party to be given Tuesday, Jan. 23, in the school hall. After the meeting cards were played. Prizes were won by Mrs. Margaret Hazen, Mrs. Russell Smith, Mrs. Mary Chase, Mrs. Harriet Runyard, and Albert Chase. Refreshments were served.

School News

Billy Johnson caught a five-pound pickerel in Channel Lake Sunday, January 14.

Marie Hagdahl sang over the Chicago radio station WCFL, Jan. 14.

While skating last Wednesday, Helen Brett accidentally fell and was knocked unconscious for a few seconds.

We are sorry to lose Donald Marshall, and Lois and Lloyd Archambault. They have moved to Chicago for an indefinite period.

Robert Waters will play at a piano recital in Park Ridge, Jan. 18.

Mr. and Mrs. Ray Waters entertained guests from Zion City over the week-end.

Miss Pearl Dowell, niece of Mr. and Mrs. Fred Runyard accompanied Mrs. Wilcox to Waukegan last Friday. Mrs. Ward entertained relatives from Chicago Sunday.

Harold J. Hazen of Channel Lake spent the week-end at the home of Mr. and Mrs. E. Evans, Grayslake.

Master Thomas Chase celebrated his fifth birthday, January 16. Russell Meade also celebrated his birthday with Tommy Chase. Guests at the birthday party were Mr. and Mrs. Tom Runyard, Mr. and Mrs. Fred Runyard, and friends from North Chicago.

Sunday night a short distance from Antioch, the cars of Mr. Peterson of Grass Lake and Mr. Roberts of Lake Marie collided. Miss Cornelia Roberts, who was with her father at the time, suffered an injured arm. With Mr. Peterson were four other people. The automobiles were badly damaged and had to be towed away.

Mr. and Mrs. Hess of Channel Lake entertained Mr. and Mrs. Charles Hutter of Forest Park last Sunday.

Personals

Sunday dinner guests of Mr. and Mrs. Albert Norman were Mr. and Mrs. D. A. McKay, Hugh McKay and Miss Ruth Thornton of Trevor.

Il. B. Caray who has spent the last three weeks visiting Il. A. Haddock and family, left Saturday for his home at Dallas, Texas.

Mr. and Mrs. Edward Baulden and daughter, Loralee, of Edson Park spent Sunday with Mr. and Mrs. O. J. Mathews.

Mrs. George Hradley and Mrs. Rudolph Leitzner of Lake Forest spent Tuesday with their sister, Mrs. Joseph Panowski.

Yes Ma'am—You can still buy at Gables at 1933 prices. Electric House Lamps, 4 for 32c—Knit Jersey Gloves, 2 pr. 25c—45-volt "B" Batteries, 89c—Electric Percolator, Hunter, Iron, Toaster and Hot Plate, each 89c—8-cup Enamel Percolator, 89c.

Mrs. Floyd Mathews, Jr., and baby son, Floyd Francis, of Chicago, were guests of Mr. and Mrs. O. Mathews Thursday.

Guests of Dr. and Mrs. G. W. Jensen last week were Mrs. J. Deschler, sister of Dr. Jensen, and Mrs. Harry Jensen of Racine, Wis.

Don't forget the weekly card party held at St. Peter's Hall every Thursday night.

The Channel Lake P. T. A. will have a card party on Tuesday evening, Jan. 23, at the school house.

Ray Ott of Ogden, Iowa, was a visitor at the home of Dr. G. W. Jensen last week.

Mr. and Mrs. John Yopp are the parents of a baby boy born Tuesday, January 16.

Mrs. George Anzinger is spending the week at the home of her parents, Mr. and Mrs. H. H. Grimm.

Miss Lois King returned home Monday, after spending the holidays visiting friends at North Clarendon, Vermont.

Mrs. W. B. Little and daughter, Billy, of Evanston visited this week-end at the Robert Runyard home.

The regular meeting of the Rebekahs will be held Friday evening, Jan. 19. Meeting will be called at 7:30.

Miss Anna Simonsen, Chicago, spent Sunday with her parents, Mr. and Mrs. Simon Simonsen.

Lloyd Murrie spent several days visiting with Mr. and Mrs. Roy Murrie, returning to Chicago Sunday.

Mrs. Ritchie Succeeds Annie M. Knott on Christian Science Board

In announcing the resignation of Mrs. Annie M. Knott, a Member of the Christian Board of Directors of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass., and the appointment of Mrs. Nellie E. Ritchie as her successor, the Board of Directors makes public the communications pertinent to the change in the directorate.

On Jan. 4, Mrs. Knott tendered her resignation in a letter to the board. She wrote, in part, as follows:

"After thirty years of continuous service in Boston for the Mother Church, first as an associate editor for our periodicals, and members of the Bible Lesson Committee, and later as one of the Directors of the Mother Church, I am now submitting my resignation as a member of the Board. . . . The fifteen years in which I have been honored in being a member of your Board have been rich in vital experiences, and you may be assured of my readiness to respond to any call from you to serve our Cause in any way. I am, of course, deeply concerned with the progress of our periodicals, including the Monitor which links us so closely with the whole human family, that we may thus bless and be blessed."

"I am also sure that you have been divinely guided in the selection of my successor, Mrs. Nellie E. Ritchie, whose faithful and efficient service on the Board of Lectureship, has been appreciated by me and are well known by the field."

The Board responded to Mrs. Knott's letter, stating in part:

"Your voluntary retirement as a member of the Board of Directors of The Mother Church marks the termination of a period of service in the Cause of Christian Science that is memorable for a number of reasons."

"Our missing you from our deliberations will be tempered by the knowledge that you will be close at hand in case your valued counsel and matured judgment should be needed."

Mrs. Ritchie's Services

Mrs. Nellie E. Ritchie was educated in the schools of Kansas. After marriage, when her husband, Mr. A. B. Ritchie, was seriously ill, she became interested in Christian Science through his healing. In 1907 both united in membership with The Christian Science Mother Church in Boston and with Second Church of Christ, Scientist, Kansas City, Missouri. Mrs. Ritchie became Field Representative of The Christian Science Publishing Society, in which capacity she addressed Christian Science branch churches and societies throughout the United States, Canada, Cuba, the British Isles, and the continent of Europe. During her seven years of service in this capacity, Mr. Ritchie was transferred to Pittsburgh, Pa., as District Representative of the Pennsylvania Railroad, and both Mr. and Mrs. Ritchie transferred their branch church membership to First Church of Christ, Scientist, Sewickley, Pa., where each has served as First Reader and Mr. Ritchie as a Director. In June, 1925, Mrs. Ritchie was elected by The Christian Science Board of Directors to be a member of the Board of Lectureship of The Mother Church, a work which has since taken her over a wider area than was covered in her earlier assignment for The Christian Science Publishing Society. For more than twenty years Mrs. Ritchie has been an advertised Christian Science practitioner; and in 1923, after receiving instruction from the Board of Education of The Mother Church, she became a recognized teacher of Christian Science.

Mr. Ritchie has been transferred by the Pennsylvania Railroad to Boston, Mr. and Mrs. Ritchie will make their home there permanently.

William Hodge remains quite ill at the H. H. Grimm home south of Antioch.

Meet me at the Guild Hall Dance Saturday night.

Mr. and Mrs. Frank Zadny and Mr. and Mrs. Jorry Zadny, Chicago, were Sunday guests of Mr. and Mrs. Robert Mann.

Miss Elizabeth Webb spent Tuesday in Chicago.

Miss Mildred Van Patten has been ill this week and unable to attend school.

5c per day—\$1.00 per month, gives you \$10,000 Auto policy in case you kill or hurt some one. Payable monthly. See me, J. C. James. (23p)

Mr. and Mrs. Frank Safranek, Chicago, spent Saturday, Sunday, and Monday with Mr. and Mrs. Frank Mastine.

Mr. and Mrs. Thomas McGreal, Jr., of Waukegan spent the week-end with their parents, Mr. and Mrs. Thomas McGreal, Sr.

For a rich cottage cheese, add cream after the cheese is made.

Yesterdays

Forty Years Ago
January 11, 1894

Mort Turesdell of Twin Lakes has been appointed fish warden for the district of southeastern Wisconsin.

The little folks all gathered at the residence of Will Gray Friday evening to extend their best wishes to Miss Nellie on her birthday.

Fred Cannon will start for Valparaiso Monday, where he will resume his studies of the higher branches taught there.

Fire was discovered in the millinery store of Mrs. May Taylor Sunday evening, and before the flames were extinguished her entire stock, with few exceptions, was either consumed in the flames or damaged past repair by water.

January 18, 1894

W. F. Ziegler was called to his home in Michigan on account of the serious illness of his father last Friday morning. L. L. Rinear will have charge of the depot here until Will returns.

Percy Chinn has recovered from his recent illness and started to resume his studies in Evanston last Tuesday.

Frank Mathews is taking a vacation. He will visit Milwaukee and other places.

Mr. and Mrs. Thomas White and son, Master Golden, Lake Villa, started Monday for their home in Lyons, Nebraska.

Mr. and Mrs. Lewis Paddock accompanied by George Paddock and wife and Mr. and Mrs. L. J. Simons will start for Florida Monday.

Report of Antioch school for the month ending January 11. Pupils present each day: Lower room: Eva Gray, Sue Morley, Mattie O'Neil, Iva O'Neil, Ruth Williams, Flora Lightner, Laura Williams, Lilla Watson, Elva Diddams, Blanche Wilton, Lottie Barthel, Ruby Drom, John Turner, Olive Tiffany, Ben Winchell, Olga Manthey, Arthur Hadlock, Fannie Denick, Willie Barthel, Mabel Turner, Charlie Hughes, Mrs. Maude Wood, teacher.

Upper room: Lottie Haycock, Ira Boylan, Lloyd Billott, Maude Turner, Blanche Haynes, Walter Taylor, Mary Peterson, Joe Calcutt, Glenn Hilsordt. Absent one-half day: Jay Haycock, Olive Jones, Annie Ames, J. M. Wood, teacher.

Twenty Years Ago

January 8, 1914

Monday afternoon of this week at the Methodist parsonage in Waukegan occurred the marriage of Arthur Wilton and Miss Clara Steln, both of this place.

A wedding of great interest to many people was celebrated at St. Mary's church at Bristol Wednesday morning, when Miss Julia Rompesky, daughter of Mr. and Mrs. John Rompesky, became the bride of Joseph Hoyo.

The marriage of Miss Kathryn L. Hoyo, the eldest daughter of Mrs. A. Hoyo of this place, to Alfred P. Schram, of Addison, Ill., was solemnized Thursday morning at St. Peter's Catholic church by Rev. Father Lynch.

Mrs. Della Sherwood has purchased the house owned by P. C. Sorenson on Lake street. Mr. Sorenson will move to Chicago.

A surprise reception was held at the home of Mr. and Mrs. H. S. Sherwood of Lake Villa, on New Year's day in honor of their 57th wedding anniversary.

January 15, 1914

Cards are out announcing the marriage of Miss Elsie Adele Williams, eldest daughter of Mr. and Mrs. D. A. Williams, to Dr. Wm. E. Schroeder of Chicago on Thursday of last week. George Huber has leased his paint shop here to J. H. Martin and E. W. Brownell, who will conduct the business under the firm name of the Martell Co.

A very quiet wedding took place at the home of William Bonner, Millburn, January 8, when his niece Miss Lura Gilbert was married to Horacio Gilbert of Round Lake. Rev. Sanford officiated.

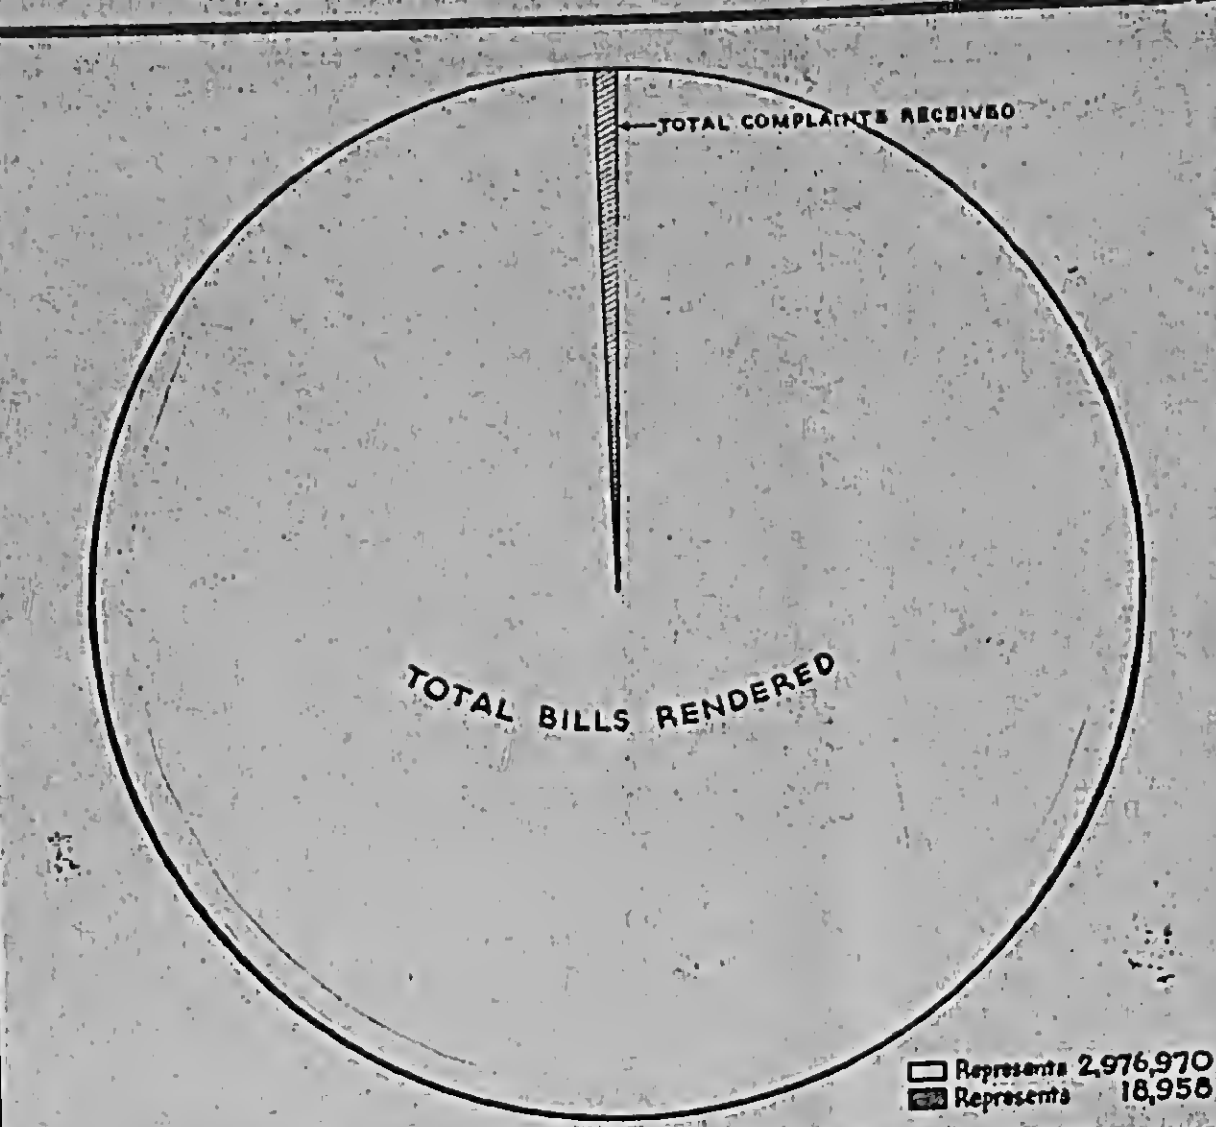

Fifteen Years Ago

January 9, 1919

Oliver Hoyo of Salem and Miss Louise Quinan of Oak Park were married at St. Catherine's church last Saturday, Rev. Bowen officiating at mass.

Charlie Tiffany, who is now stationed at Syracuse, N. Y., arrived home last Saturday on eight days' furlough.

Chris Larson, who left this country May 27, for overseas service, returned home Wednesday afternoon.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS
ELECTRICITY BILL COMPLAINTS
Ratio of Bills Rendered to Complaints Received
11-Month Period - January 1 to December 1, 1933

 Complaints about rates form only a small proportion of total.
 All figures used taken from Company records.

Born to Mr. and Mrs. Dan Sheehan, Lake Villa, on Dec. 31, a son.

Jan. 16, 1919

Harold Hughes was united in marriage to Miss Clara Kapsa of Chicago last Tuesday. Harold is the son of Mrs. Lenora Hughes of this village. Mrs. Harry Debo and Mrs. George Pittman spent several days of the past week with their sister, Mrs. F. A. Berg, Chicago.

Mabel, the youngest daughter of Mr. and Mrs. Elmer Stieckles was taken to the Wesley hospital in Chicago last Friday for the purpose of undergoing an operation for appendicitis.

Mr. and Mrs. Wilbur Hunter are rejoicing over the arrival of a little daughter who came to their home on Monday, January 13.

A daughter was born to Mr. and Mrs. Charles Reeves, a daughter to Mr. and Mrs. Archie Webb and a son to Mr. and Mrs. V. H. Strang, all of Millburn. These babies have all been born since January 1.

The Millburn Mutual Insurance Co. held their annual meeting Saturday and elected the following officers: president, G. B. Stephens; secretary, J. S. Denman; treasurer, D. H. Minto.

Ten Years Ago

January 10, 1924

The situation in the milk strike looks a little more promising for the farmers. Yesterday officials of the Milk Producers Association met with the officials of the American Federation of Labor at their headquarters, and it is hoped that the milk producers will be granted a charter.

Percy Chinn had the misfortune to fall down the basement stairs of his home Tuesday night, wrenching his back quite badly.

Police Magistrate Walter Taylor is much improved after an illness of several weeks.

June Hockney, Silver Lake, celebrated her seventh birthday with a party Friday.

January 17, 1924

Mr. and Mrs. Eugene Sheehan left for Florida Wednesday morning, Jan. 9.

The milk strike has been adjusted, Dr. Bundeson, Chicago health commissioner acting as arbitrator. The price settled on was \$2.67½ per hundred for three months.

Mr. and Mrs. Andrew Lynch were surprised by about 55 relatives and friends Saturday evening, the occasion being their 28th wedding anniversary.

Rev. Father Flower left last Tuesday for Ypsilanti, Mich., to spend several days with his mother.

Mr. and Mrs. John Kamin, Silver Lake, were surprised by a number of friends and relatives in honor of their thirteenth wedding anniversary Saturday evening, January 12.

The infant son of Mr. and Mrs. Otto Sohenning, Silver Lake, was christened at their home Sunday. He is named Richard Frederik.

Ellen Knudson, only daughter of Mr. and Mrs. N. Knudson, Chicago, was married at Waukegan last Friday to Nels Nelson, Chicago.

Save Money, Help Farmer
by Using State-Grown FoodsBy WALTER W. McLAUGHLIN
Director, Illinois Department of Agriculture

THERE are probably few people in Illinois who do not sympathize with the farmers in our state and in the entire country for that matter. No doubt most of us have said at one time or another, "Seems like some-

WALTER W. McLAUGHLIN, DIRECTOR, ILLINOIS DEPARTMENT OF AGRICULTURE

thing ought to be done to help out the farmer." However, we usually think of that "something" as a remote action—something that some one else should do, that the average citizen could have no part in.

On the contrary, the most effective help for the farmer can come through the so-called average citizen—through each individual's buying more of the Illinois farmer's produce. To take the most obvious example, every day the papers bring us news about the difficulties of the Illinois dairy farmers—how the necessity for keeping their production down to the level of the public's consumption is forcing many of them into poverty.

At present the average person takes only a pint of milk a day.

A good cough syrup can be made at home by combining one cup cherry juice from canned cherries, one cup sugar, one tablespoon vinegar, one-half teaspoon salt, one-half teaspoon pulverized alum and simmering it a few minutes.

"Hough, conductor," yelled an infuriated "colonel" on a train in the South. "That was my station, huh!"

If each one of us took a quart every day as nutritionists say we should in order to attain the best health and the most attractive appearance, we would of course be consuming twice as much. Think what this would do for the prosperity of the farmers.

Helping the Farmer Means Helping Yourself.

Selfishly, of course, this improved economic condition would eventually indirectly affect all the rest of us. Then, too, of course we would be directly saving money by using milk, which gives the greatest food value for the money, instead of more expensive foods.

Amazing figures could be quoted on the effect that increased consumption would have on Illinois' other principal food products—corn, of which Illinois produces 330,815,000 bushels yearly; potatoes, 4,675,000 bushels; apples, 8,910,000 bushels; peaches, 4,200,000 bushels; and grapes, 6,800,000 bushels.

Taking each food separately, it is easy to see the direct economy in "buying Illinois." Milk alone provides an ample supply of easily utilized proteins, calcium, phosphorus and necessary vitamins. Because of this complete food value, nutritionists say that as the food budget is lowered the amount spent for milk should be increased proportionately. The fact that it would take 42 pounds of meat or 30 pounds of potatoes to supply as much calcium as is contained in a single quart of milk is a striking illustration of the concentrated food value of milk.

Potatoes are famous as a cheap source of energy with the bulk that stays the pangs of hunger. Corn has the advantage of being inexpensive, both in fresh and canned form; and a fact not generally realized—the lowly apple may well be used at breakfast and other times in place of the more costly orange, for apples are also a good source of that Vitamin C, for which oranges are chiefly important.

Why don't you all stop there, huh? "We don't stop there no more," explained the conductor. "The engineer's mad with the station agent."

Reciprocated

Mrs. Pock—Dearest, I ordered to be sent home from the store today a most beautiful hat for only \$14. It's a perfect love.

Mr. P.—Darling, your love will be returned.

TREVOR, WIS.C. F. Meredith
Grower"All Yolks Alike,
Each Cushioned
by Thick White"Poultry Experts Find That
Ration Controls Egg
Quality.

Egg quality today means more than selection for size, freshness and shell coloring, states Paul Bartz of the Purina Research Laboratories. The consumer also wants eggs that have uniform lemon yellow yolks and firm, thick whites. These are things the housewife looks for because they signify an attractive appearance when the eggs are served on the breakfast egg platter.

That the interior quality of an egg was controlled by the feed was brought out in an experiment in the Purina Research Laboratories. Into a two-gallon glass jar, the investigators broke 12 dozen fresh select eggs, the highest quality sold by a store specializing in quality foods. The yolks of these eggs varied in color from light lemon to deep orange. The yolks and the thick portion of the whites rose toward the top and about four inches of thin white settled to the bottom—evidence

of either low vitality in the hens or a faulty ration. See jar on right.

In a second jar, these research workers broke another 12 dozen eggs of the same external appearance and evidence of freshness as the first 12 but laid by hens on a special ration developed at their Experimental Farm to produce quality eggs. To make the test comparable, all of the second lot of eggs were at least 10 days old.

Surrounding each yolk in the second jar was a generous coating of thick, viscous white. Cushioned from each other by these whites, the yolks extended practically to the bottom of the jar. Only a small proportion of thin white settled to the bottom. (See illustration). Each and every yolk was of the same bright lemon yellow that is the consumer's preference in all select markets. Note jar on left, above.

This test has been repeated in every section of the United States and shows how interior egg quality is subject to control through feeding of rations designed for that purpose. Most housewives accept wide variation in yolk color and watery whites as almost inevitable but none the less unsatisfactory. Poultrymen who will try to produce eggs with perfect interior quality by proper feeding and management of their flocks have an opportunity to build a trade at premium prices with discriminating consumers, either in individual homes or with hotels, clubs, restaurants and hospitals.

WOMEN'S PAGE

Did You Ever Try These Recipes? Do, Please

These recipes were sent in by women readers of the Antioch News. Will others who have favorite recipes kindly send them to the Antioch News, in care of the Women's Page Editor? The following are all tested, and often used recipes.

Devil's Food Cake

1/3 cup cocoa or two squares of chocolate and 1/2 cup boiling water; let cool.

1 1/2 cups brown sugar
2/3 cup shortening
2 eggs
1/2 cup sour milk (thick)
Add chocolate mixture
2 cups sifted flour
1 teaspoon soda mixed with flour
Flavor with vanilla.
Frosting—White of one egg, stir in enough powdered sugar to spread well, flavor.

Pat's Whole Wheat Griddle Cakes

1 cup whole wheat flour
1 cup pastry flour
1 teaspoon salt
3 tablespoons sugar
2 tablespoons corn meal
5 tablespoons baking powder
2 cups milk
2 eggs
5 tablespoons cooking oil or melted shortening.

Mix all dry ingredients thoroughly. Add melted shortening and bake on moderately hot griddle. This makes 20 to 25 cakes. If a thinner batter is required, simply add more milk.

Nut Bread

1 quart milk
1 cup sugar
4 cups graham flour
2 cups white flour
1 1/2 teaspoons soda
1 teaspoon salt
4 teaspoons baking powder
2 cups nuts
Bake 45 minutes in moderate oven.

Sour Cream Doughnuts

1 cup sour cream
1 teaspoon soda
1/2 cup sweet milk
2 eggs
1 cup sugar
1 teaspoon baking powder, salt, cinnamon and nutmeg
Flour to roll out soft.

Soft Ginger Bread

2 cups molasses
1/2 cup each butter and lard, add beaten yolks of 2 eggs.
Add beaten whites to molasses.
1 cup water
2 teaspoons soda dissolved in spoon of hot water.
Salt
1 teaspoon lemon extract.
3 cups flour, salt spoon of baking powder.
Mix all. Bake in shallow pan.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

THE passing of New Year's Day brings us to the long stretch of winter which used to result in spring fever. With plenty of milk, of the fresh and canned fruits and vegetables which are to be found so abundantly in the market of 1934, this ailment should disappear.

Oranges and grapefruit are one in quality, plentiful and reasonably priced. Apples in variety are low in price. The grape and cranberry seasons are nearly over.

The markets are well supplied with fresh vegetables, including Brussels sprouts, broccoli, both new and old cabbage, celery, cauliflower, green beans, lettuce, mushrooms, peas and spinach in addition to the regular root vegetables.

The Quaker Maid suggests the three following Sunday dinners as seasonal, wholesome and delicious.

Low Cost Dinner

Shoulder Pork Chops Baked Rice
Creamed Spinach or Cabbage
Bread and Butter Cocoa

Medium Cost Dinner

Vegetable Soup
Veal Cutlets Mashed Potatoes
Green Beans
Bread and Butter Milk

Very Special Dinner

Roast Beef Yorkshire Pudding
Browned Potatoes Cauliflower
Mashed Potatoes
Watercress and Orange Salad
Mince or Apple Pie Coffee

Our prices on printing are not always the lowest... but our work is always the best

Meal of Illinois Foods Is Tempting and Nutritious

By WALTER W. McLAUGHLIN
Director, Illinois Department of Agriculture

SUBURBAN gardeners are proud when they are able to show their city guests that they can serve a whole meal of food raised in their own gardens, but city people as well as their suburban friends can serve a delicious meal for themselves and their guests from their own gardens.

WALTER W. McLAUGHLIN, DIRECTOR, ILLINOIS DEPARTMENT OF AGRICULTURE

gardens, at least from their own state. That is, they can if they live in Illinois, for the principal products of our state when combined, make an appetizing, well-balanced meal.

Start with a glass of milk which in itself comes nearer to being a whole meal than does any other single food. In this glass of milk, you will have an abundance of Vitamins A and C, calcium, phosphorus and protein, with some Vitamins B, C and D, sugar and iron. Then add a baked potato for an economical source of energy; serve with this, creamed corn which, among

other elements, supplies Vitamin A; plus a salad of peaches, apples and grapes for minerals, Vitamins A, B and C, and easily digested sugar. If you add to the salad two more of your dairy products—a whipped cream salad dressing and cottage cheese—you'll be enriching your meal in vitamins, protein and minerals.

Functions of Food Elements.
It's all very well to talk about these vitamins, minerals, proteins, and so on, but why are they important? Most of you have no doubt read various things about all of them, but new information on their uses is constantly being discovered. Vitamin A prevents infections, particularly of the eyes and respiratory system, and promotes growth; Vitamin B helps protect against certain nervous diseases; Vitamin C is a scavenger, preventive and is needed for healthy teeth and bones; Vitamin D, besides preventing rickets, is an important factor in building and maintaining strong teeth; and Vitamin G, in addition to preventing pellagra, has mysterious qualities that seem to do much toward "prolonging the characteristics of youth."

Proteins of course are the body builders and repairers of worn tissues, but proteins, unlike other food elements, have different forms, some of which are more easily utilized by the body than others. The protein in milk is particularly desirable.

Of the minerals calcium is at once one of the most important and one of the most often lacking in the American diet. It is one of the essential "ingredients" of strong, beautiful teeth and well-formed bones. Phosphorus is a tooth builder, too, and iron is an essential constituent of the blood.

From this information it is obvious that each of these food elements is essential not only for health but for attractive personal appearance.

How to Eat for Health and Beauty

Judging by appearances Frances Dee must have a skin you love to touch. William Gargan is the man in the picture.

OFTEN the most obvious facts escape us just because they are seen so constantly that they become commonplace. Perhaps this is why we seek out new face creams, unusually packaged powders and tonics, while we ignore the proved complexion treatments of those people who have the softest, loveliest skins in the world—young babies—whose only complexion treatment is fresh milk!

TODAY'S MENU

Breakfast
Chilled tomato juice 1/4 glass
Scrambled eggs 1 or 2
Baking powder biscuits 2 medium
Butter 1 pat
Jam 1 tablespoon
Milk 1 glass
Coffee 1 cup

Lunch
Cheese sauce on toast 1 slice toast
Tomato salad 1/2 cup
Butter 1 pat
Apple sauce 1/2 cup
Cakes 1 glass
Milk 1 glass

Dinner
Veal cutlets 1 small
Mashed potatoes 1/2 cup
Corn on cob 1 ear
Watercress and tomato salad 1/2 cup
Bread 1 serving
Butter 1 pat
Chocolate pudding 1/2 cup
Milk 1 glass

There was a duck boy from De Kalb too busy to search for a job. So he started to eat. Milk and fruit with some meat. And for vegetables, corn on the cob.

There were two young boys named Hense who dieted locked Vitamin A. Till at last their skin began to shine. They became like new men through drinking fresh milk every day.

OUR CHILD AND THE SCHOOL

By Dr. ALLEN C. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

Weight and Height
One indication of good nutrition in children is a continuous though perhaps varying gain in weight during the period of growth. Parents should not worry, however, if there are variations in the rate of growth. These are normal and depend upon individual differences.

However, any child who fails to gain in weight over a period of three months should be examined by a physician to see if any organic illness is the cause. Perhaps a slight change in diet would overcome the difficulty. It is a good habit occasionally to compare the weight of your child with the normal as expressed in a height-weight table.

Recent scientific research indicates that these height-weight tables should be used only as an indication. They represent lists of averages rather than a hypothetical "normal." It is obvious that the average does not apply to every individual.

Therefore, as long as the variation from the table is not large, there is no cause for alarm.

More important indications of health and normal growth are the muscular development and tone, animation and endurance, and the color and condition of the skin and visible mucous membranes of the child.

Dr. Ireland will write about protection of health in his next article.

HICKORY GIRLS ARE HONORED ON BIRTHDAY

J. Kaluf Attends Funeral Services of Brother in Indiana

Tuesday afternoon of this week the 7th and 8th grade girls held a birthday party at the school-house in honor of Ida Paulsen's thirteenth birthday and Virginia Protine's twelfth birthday on Jan. 16th.

Jake Kaluf received word of the death of his brother, Paul, from Highland, Indiana. They attended the funeral there on Saturday.

The Hickory school children attended the Educational show at the Crystal Theatre in Antioch Monday afternoon. They were invited by the Antioch Grade School children.

Miss Marlon Cook visited relatives in Waukegan the latter part of last week.

Mr. and Mrs. S. W. Ames of Gurnee called at H. A. Tillotson's Sunday afternoon.

Mrs. Frank Kennedy returned home Friday evening from spending several days in Chicago. Her son, Richard, is ill with pneumonia, but is better now.

Mr. and Mrs. Joe Gonyen and daughters from Waukegan spent Saturday and Sunday at Paul Protine's. Mr. and Mrs. Ferdinand Stiner of Zion visited Sunday at the John Schaefer home.

Mr. and Mrs. A. J. Pedersen and family visited Mr. and Mrs. H. Johnson of Waukegan Sunday evening.

Mr. and Mrs. Ralph Fields and daughter, Hazel, visited the Vesale Dibble home at Paddecca Lake Sunday afternoon. Mrs. V. Dibble is ill from the shock of a fall last Thursday night.

Mr. and Mrs. Chris Paulsen and daughters visited Mr. and Mrs. Charles Webb of Silver Lake Sunday afternoon.

Mrs. John Crawford and son, Earl, attended the funeral of an uncle, Ben Steadman, in Waukegan, Monday.

Miss Grace Tillotson and Mrs. E. W. King were Kenosha visitors last Wednesday.

Mr. and Mrs. Herbert Crook and family, also Miss Helen Nielsen from Chicago were supper guests at the Nels Nielsen home Sunday.

Mr. and Mrs. Fred Blebert of Half Day visited at John Crawford's Sunday evening.

Wilbur Hunter and son, Jerry, were Waukegan visitors Thursday afternoon.

STATE OF ILLINOIS

IN THE COUNTY COURT OF LAKE COUNTY.

IN RE: PETITION OF) GEN. NO. H. S. MESSAGE, ET AL.) 6300.

PETITION FOR CREATION OF A FIRE PROTECTION DISTRICT KNOWN AS THE "FIRST FIRE PROTECTION DISTRICT OF ANTIOCH TOWNSHIP."

Notice is hereby given to the legal voters, residents and property owners of the territory comprising the proposed fire district hereinafter described, to-wit:

All that part of Antioch Township included within the following described boundary lines, beginning at the Northeast corner of Township 46 North, Range 10 East, Third Principal Meridian, thence West along the North line of said Township 46 North, Range 10 East, Third Principal Meridian and the North line of Township 46 North, Range 9 East, Third Principal Meridian to the Easterly shore line of Fox River, thence Southerly along the said Easterly shore line of Fox River to the South line and South line extended of Section 22, in said Township 46 North, Range 9 East, Third Principal Meridian, thence east to the intersection of the South line of Section 23, in said Township 46 North, Range 9 East, Third Principal Meridian with the Easterly shore line of Grassy Lake, thence Southerly along the said Easterly shore line of Grassy Lake and the Easterly shore line of Fox River to the South line of Section 34, in said Township 46 North, Range 9 East, Third Principal Meridian, thence East along the said South line of Section 34 and the South line of Section 35, in said Township 46 North, Range 9 East, Third Principal Meridian to the Westerly shore line of Fox Lake, thence Northerly and Easterly along the Westerly and Northerly shore line of said Fox Lake to the East line of said Section 35, thence North to the Southwest corner of Section 25, in said Township 46 North, Range 9 East, Third Principal Meridian, thence East along the South line of said Section 25, to the East line of said Township 46 North, Range 9 East, Third Principal Meridian, thence North along the West

line of said Township 46 North, Range 10 East, Third Principal Meridian to the Southwest corner of Section 19, in said Township 46 North, Range 10 East, Third Principal Meridian, thence East along the South line of said Section 19 and the South line of Sections 20, 21, 22, 23 and 24, in said Township 46 North, Range 10 East, Third Principal Meridian, to the East line thereof, thence North along the said East line of Township 46 North, Range 10 East, Third Principal Meridian to the place of beginning, excepting therefrom that part thereof included within the corporate limits of the Village of Antioch said corporate limits described as beginning at a point on the North line of and 40 rods East from the Northwest corner of the Northeast quarter, Section 8, in said Township 46 North, Range 10 East, Third Principal Meridian, thence West along the North line of said Section 8, and the North line of Section 7, in said Township 46 North, Range 10 East, Third Principal Meridian to a point which is 40 rods West from the Northeast corner of said Section 7, thence South along a line which is 40 rods West from and parallel to the West line of said Section 7, and the West line of Section 18 in said Township 46 North, Range 10 East, Third Principal Meridian to the Southwest corner of the East 40 rods of the North Half, Northeast quarter, of said Section 18, thence East along the South line of said North Half, Northeast quarter, Section 18, and the South line of the North Half, Northwest Half, Section 17, in said Township 46 North, Range 10 East, Third Principal Meridian to the Southwest corner of the North Half, Northeast quarter, of said Section 17, thence East to the Southeast corner of the West 40 rods of said North Half, Northeast quarter, Section 17, thence North along a line which is 40 rods East from and parallel to the North and South quarter line of said Sections 17 and 8, Township 46 North, Range 10 East, Third Principal Meridian to the place of beginning, in Lake County, Illinois.

County Court in the Court House at Waukegan, Illinois, at nine o'clock in the forenoon, as the time and place for the hearing of said petition, at which time and place the undersigned County Judge will hear evidence, suggestions, and statements touching the location and the boundary of such proposed fire protection district, and shall consider whether the same shall be those stated in the petition or otherwise, and shall fix and determine said boundaries and make such other and further orders in the premises as the law shall provide.

Dated at Waukegan, Illinois, this 16th day of January, A. D. 1934.

PERRY L. PERSONS,
COUNTY JUDGE OF LAKE COUNTY, ILLINOIS.

(23-25)
In putting out your wash hang all shirts up by the tail. They will iron easier and look better.

Safety First

Bill Green is employed by a company that has the contract for putting a tunnel under a river. As he was leaving for work the other day his wife said to him: "Do try and don't get caught in any accident."

Bill answered: "Don't you worry, Mary Ann; I borrowed \$2 of the boss and he won't let me do any dangerous work."

KELLY-HORNER RIFT DELAYS ENACTMENT OF LIQUOR MEASURE

Mason Sees Plan to Set Up
Corrupt Political
Machine

DECLARES TAX PLAN CLASS LEGISLATION

Springfield, Jan. 18.—The legislative muddle over the Kelly-Horner liquor control bill goes into its eighth week with the ultimate result more unpredictable than ever. Indications are that conference committees of the house and senate—hand-picked by the Kelly-Horner crowd—will try to cover up some of the more objectionable features of the present bill and then put on the last to drive enough votes to effect passage next week.

In its present form the bill is clearly the work of forces that do not want liquor control legislation.

Sen. N. M. Mason of Oglesby, speaking against passage of the Kelly-Horner bill said:

"I am opposing this measure for the following reasons:

"First, the bill sets up two kinds of liquor control, one for Chicago and the other for downstate. It provides Kelly rule for Chicago and Horner rule for downstate. I do not know which is worse.

"Second, this bill provides that the state commission may hire any number of inspectors and clerks, thereby making possible the establishment of another great political machine whose chief duty will be to deliver votes on election day. This simply means more padding for an already overstaffed state payroll.

"Third, the bill as drawn will levy a tax of 10 per cent on the poor man's liquor and let the rich man off with a tax of only 2 per cent upon his liquor by putting a tax of 50 cents a gallon upon both \$5 a gallon blended whiskey and \$25 a gallon bonded whiskey.

"Fourth, the bill says that the wealthy man in dry territory, voted dry through the local option provisions of this bill, may have his liquor served to him in his club, but the poor man who cannot belong to a club cannot get liquor served to him in dry territory. If this isn't class legislation I do not know what is."

Rotnour Players Draw Crowds to Crystal Theatre

J. B. Rotnour and his company of stage artists who present latest stage plays and vaudeville from the Crystal stage every Thursday night are being greeted by increasing crowds every Thursday night. An especially fine play tonight promises the utmost in entertainment in the form of spoken drama.

New baking tins will last longer if rubbed over with lard and left in a warm oven for about 10 minutes before they are used the first time.

Swanson Plans Special Show for Roosevelt Birthday

A special program in addition to the regular theatre program at the Antioch Theatre on the night of Jan. 30 is being planned by Manager Fred B. Swanson in honor of President Franklin D. Roosevelt's birthday.

The program at the local theatre will be held simultaneously with other entertainments in nearly every city in the United States, designed to raise funds for the extension of the Warm Springs, Georgia, foundation which treats victims of infantile paralysis, and where President Roosevelt was once a patient.

Band music and a short address will form part of the program, Manager Swanson announced.

FIRE DEPARTMENT—

(continued from page one)
farmers and residents of resort districts. Hundreds of summer cottages are deserted in winter, and within the past few years several have been destroyed by fire.

The Antioch Volunteer fire department has been giving service to this territory, but in many instances has received no compensation for services or upkeep for equipment, and has been forced to raise money to cover this loss.

If the proposed fire district is created, funds for maintaining a truck will be obtained by a small tax levy of approximately one mill per one hundred dollars assessed valuation.

Following the hearing of the petition, unless opposition to the move should arise, an election will be called, and three commissioners elected. The matter probably will come before the taxpayers for vote at the annual township election in April.

Fire Chief James Stearns stated at the meeting of local firemen Monday night that opposition to the move was negligible.

NURSING SCHOOL—

(continued from page 1)
ors of classes which will be limited to 20 members. The course will embrace the principles of personal hygiene, care and feeding of infants, care of the sick, how to serve competently in common ailments and emergencies, and the instruction will be free to any woman, mothers particularly being invited to register for the course.

Applicants Should Register
A second meeting of the committee will be held next Thursday at Lake Villa, at which time a schedule of classes will be arranged. Applicants desiring the course should register before Wednesday, either at the Antioch grade school or with Mrs. C. W. Petty, president of the Antioch P. T. A.

Antioch, Fox Lake, Lake Villa, Grayslake, and Gurnee are represented in this group.

Federal approval for this work has been given, according to the committee.

HORNER "SPLITS" CONTRACTS TO BESTOW POLITICAL FAVORS

Governor Mixes Soy Bean
Oil with "Banana Oil" in
State Paint Jobs

EVADES LAW IN CONTRACT LETTING

Springfield, Jan. 18.—Methods of the Horner administration in letting contracts have recently come to light to belie the economy claims of the governor. Evasions of the law providing that bids must be taken on all contracts over \$1,000 are indicated by the public records, especially in the manner in which painting contracts were let in the past few months.

The Exposition building at the state fair grounds, for instance, needed painting last summer. Instead of taking bids and letting the job on contract, it was split up on requisitions as follows:

Requisition No. 501, dated June 24, for painting sheet metal work below roof level \$545.00
Requisition No. 502, dated June 26, for painting wood work above roof level \$440.00
Requisition No. 503, dated June 28, for painting sheet metal above roof level \$640.00
Requisition No. 504, dated June 30, for painting wood work below roof level \$615.00

Total \$2,240.00

This work was done by the Franz Decorating Co., of 1700 South Halsted street, Chicago. The official handbook of the 53rd general assembly lists Rep. Matt Franz, Democrat, as a "contractor, 1700 South Halsted street, Chicago." The Franz Company also had no competition in painting the fish building at the fair grounds, the job being "split" as follows:

Requisition No. 515, dated June 23, for painting interior brick walls \$616.00
Requisition No. 516, dated June 24, for painting interior for \$512.00
Requisition No. 517, dated June 26, for painting exterior \$595.00

Total \$1,723.00

The same procedure was followed in getting the grand stand painted, except in this case the job went to Robert F. Kinsella of Springfield, son of Richard F. Kinsella, for many years head of the Kinsella Paint & Varnish Co., and now state superintendent of oil inspection. This job was split as follows:

Requisition No. 476, dated June 23, for painting 14 frames and doors \$85.00
Requisition No. 490, dated June 24, for painting grand stand and opera chairs \$970.00
Requisition No. 500, dated June 26, for painting the grandstand \$200.00
Requisition No. 519, dated June 28, for painting outside of the grandstand \$635.00

Total \$1,940.00

Even the painting of the executive mansion last summer fell under the spell of the "split" contract. Gov. Horner took great interest in this job and it was announced that he was helping the farmers of Illinois by seeing that only soy bean oil was used in the paint. His interest, however, does not seem to have been extended into the "banana oil" method of letting work. Robt. F. Kinsella was again the contractor and the job was "split" as follows: the numbers and dates of the requisitions, however, not being at hand:

Painting kitchen, pantry and 2 rooms in basement \$250.00
Painting garage, brick walls, etc. \$330.00
Painting outside of mansion \$867.00

Total \$1,447.00

It is reported that some requisitions were dated back into June so they could be paid out of funds of the last biennium, which would revert to the general fund on July 1. This procedure would show an economy in the present biennium. The "split" contract system was one of the worst scandals of the "whoopoo" era in the Chicago Sanitary District.

Names Lake County Farm Debt Committee

Appointment of the Lake County Farm Debt Adjustment Committee, to assist the state-wide farm debt adjustment committee organized by Governor Henry Horner to aid deservingly farmers who are in financial difficulties, has been announced in Springfield by Director Walter W. McLaughlin of the Department of Agriculture.

From among a number of prominent Lake County men who were highly recommended, Governor Horner selected these men, each representing a section of the county, to comprise the committee. The committee members are:

Frank Hayes, 1021 County St., Waukegan, Ill.
Alfred G. Mather, Prairie View, Ill.
Max Kohmer, Libertyville, Ill.
O. J. Wightman, Grayslake, Ill.
Charles Wray, Grayslake, Ill.
Willard Darrell, Waukegan, Ill.

Similar committees have been appointed in other counties and are now functioning. Appointment of other committees is planned, and these will start activities as soon as their personnel has been decided upon.

The county committees will review only farm real estate mortgage cases called to their attention, taking testimony from all interested parties and, when action is warranted, open negotiations for the purpose of bringing about adjustments that will prevent unnecessary foreclosures or expensive legal proceedings. All negotiations of the county committee will be supervised by the state-wide committee.

Formal application must be made to obtain the assistance of the county committees. Application forms will be obtainable from committee members.

MILK PRICE —

Continued From Page 1

1. Pfister stated that although the agricultural adjustment administration refused during the strike to support a price higher than \$1.70 per hundred for fluid milk, the arbitrators had suggested their hope that the government would modify its stand, and cooperate in the enforcement by issuing a license code to all dealers and seeing that they pay farmers the standard price for all milk purchased. As yet the government has not returned a license code, but it is expected shortly, according to Pfister.

Plan a Dance

Members of the Antioch local voted to hold a dance some time in the future. Regular meetings will be held every month at Pikeville. The secretary was granted a payment of twenty dollars to cover services and expenses for the year.

The dairymen gave a vote of thanks to Bernie Fields' Tavern and other Antioch business houses for the courtesy extended during the recent strike. Field not only kept his place open, but proved to be a generous host in providing free refreshments to picketing dairymen.

Settlement May Be Temporary

The decision was reached after several days of hearings and investigations by the three arbitrators, W. D. Huanicutt, representing the distributors, Clifford V. Gregory, Prairie Farmer editor for the producers and Fred Sargent, president of the North Western Railroad, non-partisan. Rumblings of dissatisfaction indicate that the agreement may be only temporary. John Wirtz, president of the Lake Co. Pure Milk group is quoted in the Chicago Herald and Examiner as predicting another strike "within three months."

Whether the price reduction to producers will result in a cut of one or two cents per quart to consumers is still undetermined, and depends largely upon the action of the milk dealers and drivers. The price now paid by Chicago consumers for fluid milk is eleven cents per quart.

Jack Spratt could eat no fat;
His wife could eat no lean.
So they compromised on a quart of milk
And now—'all's serene.

Announcer Raps Greedy Landlord

The greed of a landlord who foreclosed a mortgage on a Christian county farm just a few hours before the mortgagor received a loan of \$8,000 from the Federal Farm Loan Corporation was exposed by a WLS radio announcer Tuesday. Federal agents are investigating the case, the announcer stated, adding that the entire program of the NRA was designed to prevent such occurrences.

Lake School Health Program Receives National Publicity

The School Health Program sponsored by the Lake County Tuberculosis Association was given national publicity in the January number of "Public Health Nursing." "Public Health Nursing" is a monthly magazine for the nurses and public health workers and is published by the National Organization of Public Health Nursing.

The very interesting article about the work in Lake County was written by Theda Waterman, former executive Secretary of the Lake County Tuberculosis Association, who is now Executive Secretary of the Genesee County Tuberculosis Association in Flint, Mich.

This school health program is only one of the activities of the organization, made possible by the sale of Christmas Seals in Lake County. The Association last week sent out over five thousand follow-up cards to people who have not as yet made their Seal Sale contribution, reminding them that it is not too late to pay for Christmas Seals.

Emmons P. T. A. To Give Party

The Parent-Teacher's Association of Emmons School will give a card party at the school house Tuesday night, Jan. 23. Luncheon and 500 will be played and there will be prizes and lunch. The public is invited. Admission 25c.

Coffee can be used in place of water in making chocolate cake or gingerbread. If you and yours like the flavor variation.

Small Books

Among the smallest books is the 27-page, illustrated, Schloss English Almanac presented to the public museum at Oshkosh, Wis., by Mrs. W. W. Waterhouse. It is a half-inch wide, seven-eighths of an inch long and one-eighth of an inch thick. It was printed in 1912.

FARMERS TO SPLIT \$16,000 MELON

Farm Supply to Pay Divi-
dends at Picnic Next
Saturday

Farmers of Lake County and the northern part of Cook and Du Page counties who are affiliated with the Lake-Cook Farm Supply Company, will each have their share of the \$16,000 dividend to be paid by this company.

This dividend will be paid at the annual meeting of the Lake-Cook Farm Supply Company, to be held at St. Peter's Evangelical Church at Lake Zurich, at 10:30 A. M., Saturday, January 20.

Besides the various financial business reports of very great interest to the stockholders, a varied and entertaining program will be given.

L. R. Merchant, manager of the Illinois Farm Supply Company, with which the Lake-Cook Company is affiliated, will be the speaker of the day.

A big barbecue lunch will be served free at noon. All farmers are invited to attend.

HOME TALENT PROGRAM TO BE JANUARY 24

A Home Talent Program will be given Wednesday evening, January 24, at 8 o'clock at the Grayslake Grade School Auditorium.

The program is made up of a street show, one act plays, musical numbers, vaudeville acts, readings, style show, etc.

A dance will follow the program. All are cordially invited to attend the program for the benefit of Lake County Home Bureau.

Library to Be Decorated

Beginning Monday, January 22, the Public Library will be closed for one week on account of decorating.
